Where the aggregate amount of rates or taxes, or of rates and taxes, paid by a joint undivided family, or by two or more partners in any trade or business, or by the joint occupiers of any house or land, under Chapter IV, or under Parts I and II of Chapter III, on the date and for the period and in the manner aforesaid, is not less than one hundred rupees, any one member of such family, or any one of such partners or joint occupiers, may, if otherwise qualified, be eligible for election as a member of the said Corporation.

If the majority of the members of such joint family, or of such partners, or of such joint occupiers, agree to select one of their number, the person so selected shall be eligible for election under this section. But if the majority do not so agree, the Chairman shall decide which of the said members, partners, or joint occupiers is so eligible, and such decision shall be final and conclusive.

13. For the purpose of the aforesaid election of Commissioners the Town shall be divided into eighteen wards, the boundaries of which are defined in the first schedule.

The first, second, third, fourth, eleventh, and eighteenth of the wards described in the said schedule may each elect two Commissioners, and the remaining wards may each elect three Commissioners.

Every person qualified to vote as hereinbefore provided may vote for as many candidates as there are Commissioners to be elected in the ward or wards allotted to such person under section eighteen, and may give all or any of the votes which he is entitled to give in any one ward to any candidate in that ward.

Time and manner of election.

17. The first election shall take place at any time, not being less than two, or more than three months from the commencement of this Act; and until such election has taken place, and until the appointment of members by the Local Government takes effect under section six, this Act shall be read as if all the Justices of the Peace for the Town of Calcutta had been respectively appointed or elected Commissioners under this Act.

All subsequent elections, not being elections under section twenty-three, shall take place on the expiration of three years from the date of the previous election.

Votes at all elections shall be rendered by means of voting papers.

The Local Government may from time to time make rules, not being inconsistent with this Act, for the purpose of regulating all matters connected with such elections, and may at any time cancel or modify any of the said rules, and the result of all elections shall be published in the *Calcutta Gazette*.

The Local Government may declare the penalties which shall be incurred by the breach of any such rule, and any person committing a breach of any such rule shall be liable to the penalty so declared; provided that no higher penalty shall be incurred by the breach of any such rule than a fine of fifty rupees.

The expenses of all elections under this Act shall be paid out of the Municipal Fund.

On receipt of such application the Chairman shall, if he is satisfied that such person is qualified to vote or to be elected as aforesaid, enter the name of such applicant in a list, and shall allot to him the ward or wards which he may have named as aforesaid; and no person whose name is not entered in such list at the time of the election shall be qualified to vote, or to be elected as a Commissioner.

If the applicant shall omit to name a ward as aforesaid, the Chairman shall allot to him such ward as to the Chairman may seem fit, and if the applicant shall omit to name the wards as aforesaid, the Chairman shall allot to him the wards in which he is entitled to vote.

19. As soon as possible after the commencement of this Act, and subsequently from time to time on any date or dates not less than one month before the election (not being an election under section twenty-three) takes place, the list mentioned in the last preceding section shall be printed and affixed by the Chairman of the Commis-

20. Any person qualified to vote at an election, or to be elected, whose name is omitted from the list referred to in the last preceding section, may, in case the Chairman shall refuse to insert his name in such list, apply to a stipendiary Magistrate of Police for the town of Calcutta within eight days after such refusal for an order to have his name inserted in such list, and such Magistrate shall, after enquiry, make such order as to the insertion or omission of the name of the applicant as shall be just; and such order, if it directs the insertion of the name of the applicant in such list, shall be forthwith obeyed by the Chairman. The order of such Magistrate made under this section shall not be appealable.

Erroneous omission or entry does not affect election.

21. No election shall be deemed to be invalid, or shall be in any way affected, by reason of the name of any person duly qualified as aforesaid being omitted from the said list, or by reason of the name of any person not duly qualified as aforesaid being inserted therein; and no election shall be deemed to be invalid by reason only of any defect of form in the conduct thereof.

Term for which members to be appointed or elected.

22. The members of the said Corporation shall be appointed or elected respectively for a term of three years. At the expiration of the term for which the members of the said Corporation may be appointed or elected respectively, they shall cease to be members of the said Corporation, but shall be eligible to be again appointed or elected members of the said Corporation for a further term or terms.

Provided that the said term of three years shall be held to include any period which may elapse between the expiration of the said three years and the date of the next subsequent election, not being an election under the next succeeding section.

23. No person shall be qualified to be or to continue to be a member of the said Corporation who is or becomes at the time, or during the term of his appointment or election, a bankrupt or insolvent, or who is interested (otherwise than as a shareholder in a joint stock company) in any contract with the Corporation; and no person who is absent from Calcutta for six months consecutively, or who shall be sentenced to imprisonment, shall be qualified to continue to be such member.

In case of the death, resignation, or disqualification as aforesaid of any member of the said Corporation, his successor shall be forthwith appointed or elected in the manner hereinbefore provided, and such successor shall remain a member of the said Corporation for the residue only of the term for which the member so dead, resigned, or disqualified was originally appointed or elected.

Provided that no act of the Commissioners or their officers, or of the Commissioners in meeting, shall be deemed to be invalid by reason only that the number of the Commissioners did not amount to seventy-two at the date of the performance of such act.

The Commissioners may in their discretion remit any portion of the fee so payable if they are satisfied that the cart hereinbefore required to be registered has been kept or used as in the last preceding section mentioned for a portion of the half-year only.

When any registered cart is transferred within any half-year, it shall be registered anew in the name of the person to whom it has been transferred; and a fee of four annas shall be paid for every such last mentioned registration.

90. If the annual value of any house or land as assessed under Chapter V, shall in any case exceed the amount of rent payable by the occupier to the owner, the owner may in such case recover from the occupier the difference between the sum assessed upon him and the sum at which he would have been assessed had he been rated only upon the amount of rent actually payable to him, and such difference shall be added to the rent payable by the occupier, and shall be recoverable by the owner from him.

Remission of house-rate when house vacant.

91. Where any house or land, whereon the rate is assessed under Chapter V, has been vacant for sixty consecutive days during any year, the person assessed to the said rate shall be entitled to a remission of so much thereof, not exceeding one-half of the rate for that year, as shall be proportionate to the number of days such house or land has been vacant, if notice shall have been given in writing to the Commissioners of such house or land being vacant; and the date of vacancy shall be calculated from the date of the delivery of such notice at the office of the Commissioners.

Rate payable on house or land becoming occupied.

96. Whenever any house or land, which shall have been unoccupied, shall be occupied during any quarter, there shall be forthwith payable in respect of such house or land, such amount of the Water, Police, and Lighting-rates as shall bear to the entire quarterly instalments of the said rates for such house or land the same proportion as the residue of such quarter after such house or land shall be occupied bears to an entire quarter.

Person subletting to different persons to be deemed occupier.

97. Whenever any person holding any house or land at a rent from the person liable to pay the House-rate has or may sublet the same to different persons holding in severalty, the person so holding shall, for the purposes of this Act, be deemed to be the occupier of such house or land.

Occupier paying Water-rate to deduct one-fourth from rent due to owner.

98. Whenever the person from or by whom the Water-rate shall have been recovered or paid shall not be the owner of the house or land in respect of which the Water-rate shall have been assessed, such person may recover from the owner of such house or land one-fourth of the Water-rate so paid by deducting the same from the rent payable by him to such owner.

When house or land unoccupied, owner to pay one-fourth of Water-rate.

99. Whenever any house or land has been unoccupied during an entire quarter, the owner of the said house or land shall pay to the Commissioners one-fourth of the sum which would have been payable as Water-rate by the occupier if such house or land had been occupied.

The sum payable by the owner under this section shall be payable on the first of April, the

first of July, the first of October, and the first of January, for the quarters immediately preceding those dates.

Owner to recover from occupier police and lighting-rates paid by owner.

102. If the Police and Lighting-rates are paid by the owner of any house or land under section one hundred, such owner may, if there be but one occupier of the house, recover from such occupier the entire amount of the rates so paid by such owner;

and if there be more than one occupier, he may recover from each occupier such sum as shall bear to the entire amount of rates so paid by him the same proportion as the value of the portion of the house in the occupation of such person bears to the entire value of such house.

Owner to have same power for recovering rates as for recovering rent.

103. Every owner who, under the provisions of the two last preceding sections, may be entitled to recover any sum from the occupier of any house or of any portion thereof, shall have for the recovery of such sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to him by the occupier in respect of such portion of the house as may be in his occupation.

CHAPTER V.

OF THE ASSESSMENT OF HOUSES AND LAND.

Annual value of house or land how to be ascertained.

104. The estimated gross annual rent at which any house or land, liable to rate under this Act, might reasonably be expected to let from year to year, shall, for the purposes of any rate to be imposed under this Act, be held and be deemed to be the annual value of such house or land.

The value of land so estimated shall not include the value of any machinery thereupon.

Provided that all the unoccupied land, roads, and slopes of the Port Commissioners shall be rated at the rent for which the said land, roads, or slopes might be reasonably expected to let, in the same manner as if the said land, roads, and slopes were used for other than public purposes, and belonged to persons other than a public body, save and except the road extending from the northern boundary of the premises occupied by the East India Railway Company at Armenian Ghât to the Chitpore canal, and the road extending from the Chitpore road to the river Hooghly at Coomartollah Ghat, for a width not exceeding seventy feet and sixty feet respectively, which shall be exempted from assessment of any rate under this Act.

Annual value to be assessed by the Commissioners; assessment to remain in force for six years.

105. All assessments made by the Commissioners prior to the commencement of this Act shall remain in force during the period for which they were so made, and on the expiration of such assessments, the annual value at which any house or land is to be assessed shall be fixed by the Commissioners, and such house or land shall be assessed upon the value so fixed for six years from the date on which it is so fixed.

When substantial improvement made, Commissioners may re-assess.

106. If, during the currency of any period mentioned in the last preceding section, any substantial alteration and improvement is made to any such house or land, the Commissioners may cause such house or land to be again assessed, even though such period has not expired, and such last mentioned assessment shall be in force, and the rate shall be imposed according to it, until the expiration of the said period of assessment.

When substantial injury done, Commissioners may re-assess.

107. If, during the currency of any period mentioned in section one hundred and five, any such house or land shall receive substantial injury through fire, cyclone, the act of God, or civil commotion, or suffers material depreciation from any cause proved to the satisfaction of the Commissioners to have been beyond the control of the owner or occupier thereof, the Commissioners shall, as soon as practicable, on application being made to them in writing by the owner or occupier of such house or land, cause such house or land to be again assessed, even though the current period of assessment has not expired, and such last mentioned assessment shall be in force, and the rate shall be imposed according to it, until the expiration of the said period of assessment;

Provided that if any substantial alteration and improvement shall be made, prior to the expiration of the said period of assessment, to the house or land which shall have been again assessed as aforesaid, the Commissioners may cause such house or land to be again assessed as under section one hundred and six.

Annual value assessed to be entered in a book

108. The annual value assessed by the Commissioners as hereinbefore provided, shall be entered in a book to be kept at the office of the Commissioners, wherein shall also be written in distinct columns—

(*a*) the name of the owner;

(*b*) the name of the occupier, if the occupier is the person liable to pay the rate;

(*c*) a designation of the property, sufficient to identify the same, together with the name and number of the street (if any) in which it is situated;

(*d*) the amount of the rate assessed thereon; and

(*e*) the amount of the rate assessed on the house and on the land respectively, whenever any rate is payable by the owner of the land, and the said owner is not the owner of the house situated on the said land.

The book required to be kept under this section is hereinafter called the "assessment book."

When the name of the owner or occupier is not known, it shall be sufficient to designate him in the assessment book as the "owner" or "occupier."

New valuation or measurement to be made.

109. The Commissioners shall from time to time make a valuation or measurement of all houses and land within the Town, and for such purpose may divide the Town into such and so many districts as they may think fit, and proceed to make a separate valuation or measurement district by district, and shall enter the same in the assessment book.

Returns may be required for purpose of valuation.

110. The Commissioners may require the owner or occupier of any house or land, to furnish them with returns of the measurements and of the rent or annual value thereof; and the Commissioners or any person authorized by them in that behalf, may at any time between the hour of seven in the forenoon and sunset enter on, and inspect, survey, and measure such house or land, after giving a notice in writing of not less than twenty-four hours.

Penalty.

111. Whoever refuses or fails to furnish any such return for the space of one week from the day on which he shall have been required so to do, or knowingly makes a false or incorrect return, and whoever hinders, obstructs, or prevents any Commissioner or any person appointed by the Commissioners as aforesaid, from entering or inspecting or measuring any such house or land, shall be liable to a fine not exceeding two hundred rupees for every such offence.

Public notice of valuation and measurement to be given.

112. When the valuation or measurement of any of the districts of the Town, into which it may have been divided by the Commissioners, shall have been completed, the Commissioners shall give public notice thereof, and of the place where the assessment book, or a copy thereof, may be inspected, by advertisement in at least two of the English daily newspapers, and in two vernacular newspapers, published within the Town, and also by placards posted up in conspicuous places throughout such district of the Town;

and the person in whose custody the assessment book may be, shall permit every person being the owner or occupier of any house or land included in the assessment or measurement, or the agent of such owner or occupier, to inspect the book and to make extracts therefrom without payment of any fee, and every person not being such owner or occupier, to inspect and make extracts, in like manner, on payment of a fee of one rupee.

Notice when valuation made for first time or increased.

113. The Commissioners shall, in all cases in which any house or land is for the first time assessed, or in which the valuation or measurement of any house or land previously assessed is increased, give special notice thereof to the owners or occupiers of the same, and when the valuation is increased as aforesaid, the said notice shall state the grounds of such increase.

Appeals.

114. Appeals against any assessment made by the Commissioners under this Chapter shall lie

(*a*) to not less than three Commissioners, other than executive officers of the Commissioners; or

(*b*) to the Court of Small Causes.

In any case of an appeal to the Court of Small Causes under this section the said Court may follow the procedure laid down in sections three hundred and fifty-four and three hundred and fifty-five.

Notice to be given by person appealing.

115. Any person desiring to appeal against any assessment made under this chapter, shall, within fifteen days of the publication of the notice referred to in section one hundred and twelve deliver at the office of the Commissioners a notice in writing, stating the grounds of appeal, and also informing the Commissioners whether he intends to appeal under clause (*a*) or (*b*) of the last preceding section.

No appeal shall lie as hereinbefore provided unless the amount of the house-rate for one quarter, under the assessment about to expire, has been deposited with the Commissioners;

and unless the appeal is preferred by the person who, at the time the appeal is made, shall be recorded in the said book as the owner of the house or land to which the appeal refers, or by the occupier thereof, or by the agent of either of them.

Notice of day for hearing appeals.

116. The Commissioners shall give notice of a day, not being less than fifteen days from the publication of such notice, when they will proceed to hear the appeals under clause (*a*) of section one hundred and fourteen.

Every appeal under clause (*b*) of the said section shall be presented to the Small Cause Court within seven days from the date of the delivery of the notice at the office of the Commissioners under the last preceding section.

Assessment by Commissioners when to be final.

117. The assessment by the Commissioners of any rate, when no appeal therefrom is made as hereinbefore provided, and the adjudication of any appeal under the two last preceding sections, shall be final and conclusive.

Assessments to be entered in assessment book.

118. The assessments made by the Commissioners, subject to such alterations as may from time to time thereafter be duly made on appeal, shall be entered in the assessment book, and the rate calculated on the said assessment shall, subject to such alterations as aforesaid, be deemed to be the rate for the whole period for which the assessment is made, and this period shall be calculated from the commencement of the quarter next succeeding that in which any such amendment shall be so authenticated; and until such date the old assessment shall continue in force, notwithstanding that the period for which the old assessment was made may have expired.

Alteration or amendment of assessment.

119. The Chairman or Vice-Chairman may at any time amend the assessment book by inserting therein the name of any person whose name ought to be so inserted, or by inserting any house or land liable to the rate, after

giving notice, to any person interested in the making of the amendment, of a day, not being less than fifteen days from the date of the service of such notice, when such amendment is to be made; or by striking out the name of any person or any house or land not liable to the rate, or reducing the amount of the assessment, without notice:

and if any amendment shall be made, in cases where notice is required, the same shall be deemed to have been made on the expiration of fifteen days after service of the said notice; and any person interested in such amendment may appeal by application in writing to the Commissioners, to be left at their office three clear days before the day fixed in the said notice for such amendment; and the provisions of sections one hundred and fourteen, one hundred and fifteen, one hundred and sixteen, and one hundred and seventeen, shall, so far as may be practicable, apply to such appeal.

New assessment book need not be prepared every six years.

120. It shall not be necessary to prepare a new assessment book at the expiration of each period of assessment, but the Commissioners in meeting, other than an ordinary meeting, may adopt the valuation or measurement and assessment contained in any assessment book for any previous period, with such alterations as may in particular cases be deemed necessary, as the valuation, or measurement and assessment for the period next following;

Provided that sections one hundred and ten to one hundred and eighteen (both inclusive) shall, as far as may be practicable, be applicable to such valuation or measurement and assessment, and to the assessment book or books in which it is contained.

CHAPTER VI.

OF LEVYING THE RATES.

Bills to be presented.

121. When any rate is due, the Commissioners shall cause to be presented, to the person liable to the payment thereof, a bill for the sum due, which shall also contain a statement of the period, and a description of the property, for which the rate is charged.

Provided that whenever any rate is payable by the owner of the land, and the said owner is not the owner of the house situated on the said land, the assessment on the land and on the house shall be separately entered in the said bill.

Notice of demand.

122. If the bill is not paid by the person liable to pay the same within seven days from the presentation thereof, the Commissioners may cause to be served upon such person a notice of demand, in the form contained in the fourth schedule, or to the like effect; and if he shall not, within seven days from the service of such notice of demand, pay the sum due, or show sufficient cause, to the satisfaction of the Commissioners, for non-payment of the same, such sum, with all costs, may be levied by distress and sale of the moveable property of the defaulter, or if the defaulter be the occupier of any house or land in respect of which a rate is due, by distress and sale of any moveable property found on the house or land, under a warrant in the form contained in the fifth schedule, or to the like effect, to be issued for that purpose by the Commissioners.

Distress.

For every notice of demand under this section which the Commissioners shall cause to be served upon any person, a fee, not exceeding one rupee, shall be paid by such person.

Such fee shall be added to the amount of the rate in respect of which the notice is given, and, if not duly paid, shall be levied in the same manner as such rate may be levied.

Inventory—notice of distress.

123. The officer charged with the execution of a warrant of distress under the last preceding section shall make an inventory of the moveable property seized under such warrant, and shall at the time give a notice in writing, in the form contained in the sixth schedule, or to the like effect, to the person in possession thereof at the time of the seizure, that the said moveable property will be sold as therein mentioned.

Sale.

124. If the warrant is not in the meantime discharged or suspended by the Commissioners, the moveable property seized shall be sold under the orders of the Commissioners, who shall apply the proceeds, or such part thereof as may be necessary, in discharge of the said arrears and costs;

and the surplus, if any, shall be returned, on demand, to the person in possession of the moveable property at the time of the seizure.

All sales of property under this section shall, so far as may be practicable, be regulated by the procedure now in force or hereafter to be in force, in the Court of Small Causes with respect to sale after distress.

Fees shall be payable upon distraints under this Act according to the rates set forth in the Table of Fees in the sixth schedule.

All officers and servants of the Corporation are prohibited from purchasing any property at any such sale.

Goods of defaulter, wherever found, may be distrained.

125. The moveable property of any person from whom any rate is due may be distrained, wherever the same may be found, for default in payment of the money due from him.

Rate due from owner may be recovered from occupier, and deducted by him from his rent.

126. If the sum due on account of any rate from the owner of any house or land remains unpaid after notice of demand has been duly served, the Commissioners may demand the amount from the occupier for the time being of the house or land, and, on non-payment thereof, may recover the same by distress and sale of any moveable property found on the house or land, and, in such case, the occupier may deduct, from the next and following payments of his rent, the amount which may be so paid by, or recovered from, him.

Provided that no arrear of rate, which has remained due from the owner of any house or land for more than one year, shall be so recovered from the occupier thereof.

Distress not unlawful for want of form.

127. No distress levied under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the notice, schedule, summons, notice of demand, warrant of distress, inventory, or other proceeding relating thereto, nor shall such party be deemed a trespasser on account of any irregularity committed by him; but all persons aggrieved by such irregularity may recover full

satisfaction for any special damage sustained by them in any court of competent jurisdiction.

Commissioners may sue, instead of proceeding by distress.

128. Instead of proceeding by distress and sale, or in case of failure to realize by distress and sale the whole or any part of the sum due in respect of any rate, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

CHAPTER VII.

OF THE WATER-SUPPLY.

The Commissioners to provide water-supply.

129. The Commissioners shall provide a supply of water within the Town, and shall for that purpose cause such mains and pipes to be laid, and such tanks, reservoirs, or other works to be made and constructed, as shall be necessary for the supply of filtered water in all the chief public streets of the Town, and shall also erect, in all such streets, sufficient and convenient stand-pipes or pumps for the gratuitous use of the inhabitants of the Town for domestic purposes.

The said stand-pipes or pumps shall be so placed that there shall not be any portion of any such chief street at a greater distance than one hundred and fifty yards from some such stand-pipe or pump.

What are not domestic purposes.

130. A supply of water for domestic purposes shall not include a supply of water for animals, or for washing carriages, where such animals or carriages are kept for sale or hire, or a supply for any trade, manufacture, or business, or for fountains, or for watering gardens or roads, or for any ornamental or mechanical purpose.

Pressure at which water must be kept.

131. The Commissioners shall, between the hours of six in the forenoon and nine in the afternoon, so far as may be reasonably practicable, keep and maintain in their pipes and mains a sufficient supply of filtered water under a pressure of not less than ten feet for the domestic use of the rate-payers, and shall daily, from the hour of seven in the forenoon to nine in the forenoon, and from the hour of five in the afternoon to six in the afternoon, maintain a pressure of water in the service pipes and mains sufficient to raise the water in all houses and places in which the same may be introduced, to a height of not less than fifty feet.

Supply for business.

132. The Commissioners may supply water through a meter, for purposes other than domestic purposes, provided that the person requiring such supply make application to the Commissioners in writing, specifying the purpose for which such supply is required and the quantity likely to be consumed.

The Commissioners may thereupon, subject to such charges or rates as may have been fixed by the Commissioners in meeting, other than an ordinary meeting, lay down, or allow to be laid down, the necessary communication-pipes and works, of such dimensions and character as may be fixed by the Commissioners.

Householder entitled to certain supply of water for domestic use

133. The occupier of every house shall be entitled to have, free of further charge, fifteen hundred gallons of filtered water for every rupee paid to the Commissioners as water-rate on account of such house, to be supplied from the service pipes of the Commissioners for domestic use through a ferrule of such size as the Commissioners may determine. If the Commissioners have reason to believe that the occupier of any house consumes more filtered water than he is entitled to as aforesaid, it shall be lawful for the Commissioners to provide a water-meter at their own expense, and attach the same to the water-pipes of the said house; and any water which may be used over and above the quantity to which the occupier is entitled as aforesaid shall be paid for by him at the rate of one rupee for every fifteen hundred gallons.

Provided that no charge shall be made by the Commissioners for unfiltered water supplied under the next succeeding section.

Nothing contained in the first clause of this section shall apply to houses assessed at less than twelve hundred rupees per annum.

Commissioners may provide filtered or unfiltered water for latrines.

134. It shall be at the option of the Commissioners to provide filtered or unfiltered water for all latrines and water-closets; and wherever filtered water has been already supplied to such latrines or water-closets, it shall be lawful for the Commissioners at their own expense, and not otherwise, to stop the supply of filtered water, and in lieu thereof to provide unfiltered water for such latrines and water-closets.

All latrines to be provided with cistern.

135. All latrines and water-closets now supplied, or hereafter to be supplied, with water, filtered or unfiltered, shall be provided with a cistern of such size and description as the Commissioners shall direct; and all such cisterns shall be put up at the cost of the owner of the house or land so supplied with water.

Communication-pipes, &c., to be made of required dimensions and at expense of householder.

136. Every person paying the water-rate hereinbefore mentioned shall be entitled to lay down communication-pipes from the service pipes of the Commissioners, for bringing into his house or land a reasonable supply of water for domestic use; provided that the Commissioners shall be at liberty to cut off the supply of water to any house or land during the time the said house or land is unoccupied.

The communication-pipes leading the water from the service pipes of the Commissioners into the house of any rate-payer, and the pipes and works within the house connected therewith, shall be of such character, dimensions, and material as the Commissioners shall fix and approve; and shall be made and constructed at the expense of the person requiring the same.

Communication-pipes, &c., must be made to satisfaction of Officer of the Commissioners.

137. The communication-pipes and all fittings thereon leading water from the service pipes of the Commissioners into any house or land, and the pipes, works, and fittings inside the house or land, must in all cases be executed subject to the inspection and to the satisfaction of the Commissioners.

Such communication-pipes, works, and fittings may be made by the servants and workmen of the Commissioners, upon such terms as may be

agreed upon between the Commissioners and the person requiring the supply, or subject to such charges as may be fixed by the Commissioners;

and the Commissioners may require the amount necessary for the execution of such works to be paid or deposited before such works are executed;

and such charges and expenses shall be recoverable in the same manner as the water-rate.

Power to enter premises.

138. The Officer authorized in that behalf by the Commissioners may, between the hours of seven in the forenoon and five in the afternoon, enter into or on any house or land supplied with water as aforesaid in order to examine all pipes, works, and fittings, connected with the supply of water, and to ascertain if there be any waste or misuse of such water;

and if such Officer at any such time be refused admittance into such house or land for the purposes aforesaid, or be prevented from making such examination as aforesaid, the Commissioners may forthwith turn off the water from such house or land.

Provided that nothing hereinbefore contained shall authorize an entry into any room appropriated for the zenana or residence of women, which by the custom of the country is considered private, unless a notice in writing of not less than four hours be given.

When pipes are out of repair, Commissioners may turn off water.

139. In the event of any pipes, works, or fittings connected with the supply of water to any house or land, being at any time found on examination by any officer of the Commissioners authorized in that behalf to be out of repair to such an extent as to cause any waste of water, the Commissioners may cause the water to be turned off from such house or land, after giving notice in writing of not less than twenty-four hours, and may recover the expense incurred for turning off the water from the occupier of such house or land.

Water may be cut off on neglect to pay the rate.

140. If any person supplied with water shall neglect to pay the water-rate hereinbefore mentioned at any of the times of payment thereof, or the charge made for the said water when supplied for other than domestic purposes, the Commissioners may turn off the water from the house or land in respect of which such rate or charge is payable, by cutting off the pipe to such house or land, or by such means as the Commissioners may think fit, and may recover the expenses of turning off the water from such person;

Provided that the stopping or cutting off the supply of water shall not relieve any person from any penalties or liabilities which he may otherwise have incurred.

Occupier in whose house water is wasted liable to penalty.

141. The occupier of any house or land in which water supplied by the Commissioners under this Act is, from negligence or other circumstances under the control of the said occupier, wasted, or in whose house or land the pipes, works, and fittings for the supply of water shall be found to be out of repair to such an extent as to cause any waste of water, shall be liable to a fine not exceeding twenty rupees.

Person causing waste of water liable to penalty.

142. Any person causing waste of water supplied by the Commissioners shall be liable to a fine not exceeding five rupees.

Commissioners at their discretion may allow person outside the Town to take water

143. It shall be within the discretion of the Commissioners to allow any person, not residing within the limits of the Town, to take or be supplied with water for his domestic use on such terms as the Commissioners in meeting, other than an ordinary meeting, may from time to time prescribe. And any person tak g or causing to be taken for use outside the limits of the Town water supplied by the Commissioners without the permission of the Commissioners, shall be liable to a fine not exceeding fifty rupees.

Penalty.

Person executing any work for laying on water must hold a license from the Commissioners.

144. It shall not be lawful for any person to execute any work in connection with the laying on of water from any service pipes of the Commissioners to any house or land, unless he shall hold a license from the Commissioners authorising him to act as a plumber under such rules and regulations as the Commissioners may from time to time lay down, and which shall be printed on the back of his license. Any person licensed by the Commissioners as a plumber, who shall infringe or break any rules or regulations under which he holds his license, shall be liable to have his license at once cancelled by the Commissioners, and shall also be liable to a fine not exceeding twenty rupees.

Penalty.

Owner or occupier when not entitled to demand a connection with the Commissioners' service pipes.

145. Any owner or occupier of any house or land who shall cause or allow works, pipes, or fittings for the supply of water from the service pipes of the Commissioners to be executed by any person other than a plumber licensed by the Commissioners, shall not be entitled to demand a connection with the Commissioners' service pipes.

Before connection, Engineer of the Commissioners to cause all works and pipes to be inspected.

146. Before a connection for the supply of water from the service pipes of the Commissioners to any house or land is sanctioned by the Commissioners, the Engineer of the Commissioners shall cause all the works, pipes, and fittings within the said house or land to be inspected by a duly qualified officer; and the cost of such inspection shall be payable in advance at such rates as the Commissioners in meeting, other than an ordinary meeting, shall from time to time direct, by the person applying for the said connection; and until the Engineer of the Commissioners shall have certified that the said works, pipes, and fittings have been executed and put up in a satisfactory manner, a connection with the Commissioners' service pipes shall not be permitted.

Connection with service pipes to be executed only by an officer of the Commissioners.

147. The connection with the service pipes of the Commissioners, as also the laying of supply pipes under any public road or thoroughfare, shall be executed by an officer of the Commissioners authorized in that behalf and by no other person; and the expense of making such connection shall be

payable in advance by the person applying for the same, at such rates as the Commissioners in meeting, other than an ordinary meeting, shall from time to time direct.

Penalty on licensed plumber who executes works badly.

148. If any licensed plumber shall execute any works or put up any fittings within any house or land for the supply of water from the pipes of the Commissioners in a careless and negligent manner, or make use of bad materials or fittings, the said licensed plumber shall be liable to a fine not exceeding twenty rupees, and upon a third conviction shall be liable to have his license cancelled at the discretion of the Commissioners.

149. Any person who shall unlawfully flush, draw off, divert, or take water from any water-works belonging to or under the management or control of the said Commissioners, or from any water or streams by which such water works are supplied, shall be liable to a fine not exceeding one hundred rupees.

Power to require owner to provide works for water-supply.

150. Any occupier holding direct from the owner of any house may, by notice in writing signed by him, require the owner of such house to perform all such necessary works as may be required for bringing into such house a supply of water for domestic use.

Every such notice shall contain an agreement on the part of such occupier to pay interest at the rate of one per centum per mensem, calculated from the date of the completion of the works, on the cost of such works during the residue of his term of occupation.

Provided that, if the house and the premises belonging thereto shall not abut upon some street in which there is a supply-main, such occupier shall, in the agreement, undertake to pay the cost of connecting the house with the nearest supply-main.

Power to occupier to make works in default of owner.

151. If any owner shall not, within the space of three months from the service of such notice as is mentioned in the last preceding section, cause such necessary works as aforesaid to be completed, the occupier, who shall have given such notice, may cause the same to be completed, and may deduct from the rent payable by him the cost of such works, save so much of such cost as may be incurred in connecting with a supply-main any house and premises belonging thereto which may not abut upon a street in which there may be a supply-main; and such deduction shall be made by six equal monthly instalments.

Interest on each such instalment shall be payable to the owner by the occupier at the rate of one per centum per mensem, from the time when it shall have been so deducted.

What works to be made for a house.

152. The supply of water to a house shall not be deemed sufficient for domestic use unless it provides two taps in each floor of such house, one other such tap in the cookroom of or attached to such house, and one other such tap in the premises, or in or near the stables belonging to such house, and the necessary works for such taps.

But if the annual rent of such house, with the land attached thereto, shall be less than three hundred rupees, it shall be sufficient to provide one tap only within the said premises, and the necessary works for the same.

153. No works for introducing a supply of water to any house shall be commenced by the owner without sending a specification and estimate of the cost thereof to the occupier, nor by the occupier without sending such specification and estimate to the owner.

Power to refer to arbitration.

154. In case there shall be any difference between the owner and the occupier respecting the cost or the sufficiency of the proposed works, either the owner or the occupier may refer such difference to the Commissioners, and the written award of the Engineer of the Commissioners, or of any officer authorized by them in that behalf, shall be binding on the owner and the occupier.

Fee on reference.

155. There shall be payable to the Commissioners in respect of every such reference a fee at the rate of two rupees for every hundred rupees of the monthly rent of the house or land in respect of the water-supply to which the difference may have arisen:

Provided that such fee shall in no case exceed ten rupees, and shall be paid by the person making the reference.

Owner to keep works in repair.

156. Except in the case of a special agreement to the contrary, the owner of any house or land shall bear the expense of keeping all works connected with the supply of water to such house or land in substantial repair.

Provided that nothing in this section shall affect the liabilities of parties under leases executed or made previous to the commencement of this Act.

Power of recovery by owner of sums payable.

157. Any owner to whom any sum is payable under sections one hundred and fifty and one hundred and fifty-one, may recover such sum from the person liable to pay the same as if the same were rent payable by such person for the house in respect of which the expenses have been incurred.

Tanks, &c., vested in the Commissioners.

158. All public tanks, reservoirs, cisterns, wells, aqueducts, conduits, tunnels, pipes, pumps, and other water-works, whether made, laid, or erected at the cost of the Commissioners or otherwise, and all bridges, buildings, engines, works, materials, and things connected therewith, or appertaining thereto, and also any adjacent land (not being private property) appertaining to any public tank, shall become vested in the Commissioners.

Water fouled by offensive trades.

159. If any person, being the proprietor of any gas-works,

or being engaged or employed in the manufacture or supply of gas,

or being the occupier or owner of any place where an offensive trade or manufacture is carried on,

wilfully does any act connected with the said business whereby the water in any stream, tank, reservoir, well, cistern, conduit, aqueduct, or other water-works belonging to the Commissioners is

fouled or corrupted, the Commissioners may, after twenty-four hours' notice in writing, lay open and examine any pipes, conduits, and works belonging to such person;

and if, upon such examination, it appears that the water has been fouled or corrupted by anything proceeding from, or contained in, the pipes, conduits, or works examined, the expenses of such examination shall be paid by the person to whom such pipes, conduits, or works belong, or under whose management or control they may be;

but if it appear that the water has not been so fouled or corrupted, then such expenses, and all damages occasioned by the examination, shall be paid by the Commissioners.

Application of rates and monies received from the supply of water.

160. The water-rate and all monies collected, received, or recovered for or in respect of the supply of water or the execution of works, and all fines connected therewith, or in any respect relating to the water-supply, shall be applied by the said Commissioners in defraying the expense of making, extending, or maintaining the water-works,

in paying the interest of money borrowed for the water-works,

and in the liquidation of debts incurred in connection therewith, or for some other purpose connected with the supply of water.

Amount of estimates to be paid to Government.

165. The amount of the estimates passed shall, after deducting therefrom such amount as may from time to time be allowed by the Government from the General Revenues towards the maintenance of the Police Force, be paid to the Local Government, or to such Officer as the Local Government may from time to time direct, by the Commissioners out of the annual proceeds of the Police rate; and it shall not be lawful for the Commissioners to expend from the said proceeds any sums for purposes other than those provided in the Budget of the Commissioner of Police and duly sanctioned by the Local Government under section one hundred and sixty-three.

Provided that no person shall put up a hoard or fence without the written permission of the Commissioners, and shall not keep up the said hoard or fence for a time longer than allowed in the said written permission.

Penalty.

273. Every person, who begins to build, or to take down or alter, or repair any house contrary to the provisions of the last preceding section, or who, without license, erects or sets up any hoard, scaffolding, or fence whatsoever, or who, being licensed, fails to put up such fence or hoard, or to continue the same standing, or to maintain the same in good condition, or who does not, while the said hoards or fences are standing, keep the same sufficiently lighted during the night, or who does not remove the same, when directed by the Commissioners, within eight days, shall be liable to a fine not exceeding fifty rupees for every such offence, and a further fine, not exceeding twenty rupees, for each day during which the offence is continued after he has been convicted of such offence.

280. Whenever the Commissioners in meeting, other than an ordinary meeting, are satisfied, from inspection, or by report of competent persons, that any existing block of huts in the Town is, by reason of the manner in which the huts are constructed or crowded together, or of the want of drainage and the impracticability of scavengering, attended with risk of disease to the inhabitants or the neighbourhood, they may cause the locality to be inspected by two medical officers, who shall make a report in writing on the sanitary condition of the said block of huts, and shall specify, if necessary, in the said report the huts which should be removed, the roads, drains, and sewers which should be constructed, and the low lands which should be filled up, with a view to the removal of the said risk of disease.

281. On receipt of the said report the Commissioners in meeting, other than an ordinary meeting, may cause a notice to be served upon the owners or occupiers of the huts, or at the option of the Commissioners, the owner of the land on which such huts are built, requiring them to carry out and execute, within a reasonable time, to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid report, or any portion thereof respectively.

On receipt of report Commissioners may cause notice to be served.

282. If after the service of the said notice, such owners or occupiers, or the owner of the land, shall refuse or neglect to carry out and execute the said works within the time appointed, the Commissioners may cause all or any of the said works, or any portion thereof respectively, to be executed, and the expenses thereby incurred shall be paid by the owner of the land.

Commissioners may carry out works if owners or occupiers refuse.

Provided that the Commissioners in meeting, other than an ordinary meeting, may order the expenses so incurred to be recovered by instalments from the said owner, or if it should appear to them that the said owner is unable by reason of poverty to pay the same, may order the same or any portion thereof to be paid out of the Municipal Fund.

Expenses may be recovered by instalments or remitted in case of poverty.

Sale of huts.

The Court of Small Causes shall be deemed a competent court for that purpose.

284. In case the Commissioners should omit to take any action under sections two hundred and eighty or two hundred and eighty-one, or in the opinion of the Local Government should fail to give effect to the provisions thereof, the Local Government may cause any block of huts to be inspected by the Sanitary Commissioner for Bengal, who shall make a report in writing to the Local Government on the sanitary condition of the locality and, in the event of his reporting that the sanitary condition of the locality is such as to be attended with risk of disease to the inhabitants or the neighbourhood, shall specify the huts which should be removed, the roads, drains, and sewers which should be constructed, and the low lands which should be filled up, with a view to the removal of the said risk of disease.

If Commissioners fail to act, Local Government may take steps.

285. On receipt of the said report the Local Government may order the Commissioners to serve a notice on the owners or occupiers of the huts, or on the owner of the land on which such huts are built, requiring them to carry out and execute within a reasonable time to be fixed by the Local Government for such purpose, all or any of the works specified in the said report, or any portion thereof respectively; and upon service of the said notice the Commissioners may proceed as provided in section two hundred and eighty-two, and shall be liable to all or any of the obligations imposed upon them by section two hundred and eighty-three.

On receipt of report Local Government may order Commissioners to serve notice on owners.

286. If the Commissioners make default in carrying out the said order of the Local Government, the Local Government may appoint some officer to perform the same, and such officer may exercise such of the powers conferred upon the Commissioners by sections two hundred and eighty-one and two hundred and eighty-two, as are necessary for the execution of the said works, and shall be liable to all or any of the obligations imposed upon the Commissioners by section two hundred and eighty-three, and the expenses incurred by such officer in the execution of the said works shall be paid by the owner of the land.

If Commissioners make default in carrying out order, Local Government may carry it out.

Provided that the Local Government may order the expenses so incurred to be recovered by instalments from the said owner, or if it should appear to the Local Government that the said owner is by reason of poverty unable to pay the same, may order the same or any portion thereof to be paid out of the Municipal Fund.

Expenses may be recovered by instalments or remitted in case of poverty.

Penalty.

290. If such owner, occupier, or farmer, after notice in writing given to him by the Commissioners that such market or slaughter-house is defective in any of the said particulars, and requiring him to remedy the defect specified within not less than thirty days, makes default therein, he shall be liable to a fine not exceeding fifty rupees for every day during which such default is continued.

And if the fine cannot be so levied, the offender may be punished by such Justice of the Peace with rigorous or simple imprisonment, as defined in section 53 of the Indian Penal Code, for a term not exceeding two months.

348. Whenever any prosecution shall be instituted before any Justice of the Peace under this Act, he may summon the person charged to appear at a time and place to be mentioned in the summons; and if such person shall not so appear, such Justice of the Peace may, upon proof of service of the summons, if no sufficient cause shall be shown for the non-appearance of the person charged, proceed to hear and determine the case in his absence.

Procedure on prosecution.

Such Justice of the Peace may exercise all such powers connected with the summoning, and enforcement of the attendance, of witnesses, and the production of documents, as are conferred on a Magistrate by the Calcutta Police Act, 1866, or any other Act for the time being in force for regulating the procedure of the Police Magistrates' Courts in Calcutta.

If the amount of damages, costs, or expenses, ascertained in the manner above described, be not paid by the party liable to pay the same within seven days after demand, such amount may be recovered, under a warrant of the said Court, by distress and sale of the moveable property of such party; and the surplus arising from the sale thereof, after satisfying such amount and the costs of the distress and sale, shall be returned on demand to the party whose property shall have been distrained.

Commissioners may sue in any competent Court instead of realising by, or on failure of, distress.

356. Instead of proceeding by distress and sale, and in case of failure to realize by distress the whole or any part of any expenses, charges, or damages awarded under the provisions of this Act, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

Resolution No. 3116, dated 18th December 1871, laying down rules for the selection of candidates for admission to the Financial Department, and for the examination of officers of the Fifth and Sixth Classes of the Department.

Read again—

Report No. 207, dated 26th May 1874, from the Comptroller and Deputy Comptroller General, recommending certain modifications in the arrangement of subjects and detailed rules for conducting the Departmental Examinations founded on their experience as examiners.

RESOLUTION.—The Governor General in Council is pleased to approve of the proposed alterations in the rules.

2. The subject of "Algebra to Quadratic Equations inclusive" will be transferred to the examination for admission; the marks assigned to it will be as before 250, raising the total marks obtainable to 1,250: no further change will be made in this examination.

3. The rules for the examination of candidates for admission to the service of the Government of India in the Financial Department, and of officers in the Financial Department, will henceforward be as follows :—

ENTRANCE EXAMINATION.

I.—Candidates for admission to the Department are selected from time to time according to the requirements of the service, three being named for each expected vacancy.

II.—The age of a candidate, when examined, must not exceed twenty-five years, and he must produce a certificate by a Government medical officer of physical fitness for service in the plains of India.

III.—The nominated candidates are examined in the subjects described in the first schedule attached to this resolution, and (subject to the condition hereinafter stated), the candidate who obtains the highest marks is appointed to the first vacancy in the sixth class of the Department, the candidate who obtains the second place to the second vacancy, if there be more than one vacancy to be filled, and so on. No candidate is admitted to the Department who obtains less than 600 marks in all, or less than half marks in Arithmetic and Algebra.

IV.—A candidate is not allowed to compete at the entrance examinations more than twice.

V.—The examination is by written questions and answers; the questions being prepared in such manner as the Governor General in Council from time to time directs.

VI.—A candidate may be examined at any place where arrangements can be made to secure the integrity of the examination.

DEPARTMENTAL EXAMINATIONS.

VII.—A half-yearly examination is held for officers in the fifth and sixth classes of the Department (on the Mondays next after the 10th May and 10th November, and following days) in the subjects detailed in schedules II and III annexed to this Resolution. These examinations are styled the Lower and Higher Departmental Examinations respectively.

VIII.—An officer who shows, at any departmental examination, a competent knowledge of all the prescribed subjects and obtains half marks in the aggregate, is held to have passed the examination. An officer is, however, permitted to pass each of the departmental examinations in two instalments, if he notifies his intention beforehand, and specifies the subjects in which he is prepared for examination. In such case a higher standard of knowledge is required.

IX.—As a rule, a candidate failing in one of the subjects specified is re-examined in the whole; but, in case of marked excellence in a subject, the examiners may exempt the candidate from re-examination in such subject, even although he may have failed in others.

X.—An officer who does not pass the Lower Departmental Examination at the fourth or some earlier examination, and the Higher Department Examination at the eighth or some earlier examination, after he joins the Department, ceases, without further orders, to belong to the Department from the date on which the result of the examination is declared. Provided that if, before the said fourth or eighth examination (as the case may be), the officer have obtained leave of absence on medical certificate for more than three months, he is allowed to remain in the service for six months longer, in order to present himself at one more examination.

XI.—Upon passing each departmental examination, the pay of an officer of the sixth class is increased, from the date on which the examination ends, by Rs. 50 a month. The pay of an officer of the sixth class who has passed the Lower Examination is Rs. 250, and that of an officer of the sixth class, who has passed the Higher Departmental Examination, Rs. 300 a month.

XII.—An officer is not promoted substantively to the fifth class until he has passed the Lower Departmental Examination, and to the fourth class until he has passed the Higher Departmental Examination.

XIII.—Officiating appointments to the fourth and fifth classes are made after consideration of the order in which officers have passed the departmental examinations.

XIV.—The departmental examinations are conducted at the local account offices, in the presence of the Accountant General, and under the direction of the Comptroller General and Deputy Comptroller General, who decide upon the marks to be awarded to each examinee. If these officers differ as to the marks to be assigned to any answer, the Secretary to the Government of India in the Financial Department decides finally between them.

GENERAL RULES.

XV.—The rules for conducting all the examinations are as follows:—

(1.) The examination papers are sent in a sealed packet, not to be opened till the examination begins, each cover containing a separate sealed envelope for each paper set; these envelopes must not be opened until the papers are required for distribution. An index number is assigned to each candidate. This index number is to be entered by the candidate on each of his papers, *instead of his name, which is nowhere to appear on the proceedings.*

(2.) The several papers should be given out singly, and the hour at which each paper is given out and received back is to be mentioned in the presiding officer's report. The exercises are to be worked out by the candidate in presence of the presiding officer.

(3). The *questions* need not be written out by the candidate, but only the answers and solutions *in full*, with the number of the question prefixed. The answers may be first worked out on waste paper. The neatness of the candidate's papers is taken into consideration by the examiners in assigning values to his work. The paper should be of foolscap size, with the candidate's index number and the date, and the title of each subject at the head of the paper. The solutions as first written out fair are to be transmitted to the Comptroller General, without alteration or correction, immediately after the close of the examination.

(4). The time occupied by the candidate in answering each set of questions *i. e.*, the interval between receiving the examination papér and returning his papers to the presiding officer, is to be stated on the back of his paper of solutions. The time allowed for a paper is in no case to be exceeded.

(5). The presiding officer must certify that the above rules have been strictly followed by signing the certificate below, and explain any accidental or unavoidable deviations:—

Certified that the examination of the candidates whose index numbers are , has been conducted strictly according to the Rules contained in the Resolution of the Financial Department No. 2273, dated the 18th April 1876, as below:—

Date of receipt of examination papers

Date of beginning of examination

Subject.	Begun.		Ended.	
	Hour.	Minute.	Hour.	Minute.

(Signed)

Conducting the Examination.

13.—Candidates for the Lower Examination who are now in the Department and who have not passed in Algebra, will be examined in that subject; and those who have already passed the Lower but not the Higher Departmental examination, will be examined in annuities, compound interest, and the use of logarithms of numbers.

14.—In order to avoid misapprehension, the Governor-General in Council declares that nothing in this Resolution is to be understood as limiting the powers which the Government has, throughout, expressly retained, of appointing gentlemen not in the Department, to any office in any class of the Department whenever the interests of the public service require it. The Government will always appoint an officer belonging to the Department to a vacancy, if there is such an officer of sufficient standing and experience and qualified for the office in every respect. But it must be emphatically understood that the officers in the Classified List have no monopoly of the departmental service other than that which the opportunities of their position, diligently improved, may secure to them.

15.—The first consideration, when a vacancy occurs in the Department, will always be the efficiency of the public service; and no claim on the part of the officers of the Department will ever be allowed to stand in the way of the enlistment, in the higher offices of the Department, of officers of the Covenanted Civil Service, or even of gentlemen not in the service of the Government at

all, whenever it is thought that the public interests require, or will be promoted by, such enlistment.

16.—Moreover, His Excellency in Council deems it proper to declare that the Government of India holds itself free, not only to appoint to any office in the Finance Department any one not an enrolled officer of the Department whose appointment is considered necessary in the public interest, but also to pay to the person selected for such appointment such remuneration as may be required in order to secure his services.

17.—As regards Departmental Examination this resolution will take effect from the examination to be held in November 1876.

ORDERED, that the foregoing Resolution be published in the *Gazette of India* and communicated to the Comptroller General, the Accountants General, and the Deputy Accountants General in independent charge, and to each candidate nominated to compete for admission to the Department, and to each officer on his appointment to the Department.

If the applicant shall omit to name a ward as aforesaid, the Chairman shall allot to him such ward as to the Chairman may seem fit, and if the applicant shall omit to name the wards as aforesaid, the Chairman shall allot to him the wards in which he is entitled to vote.

20. Any person qualified to vote at an election, or to be elected, whose name is omitted from the list referred to in the last preceding section, may, in case the Chairman shall refuse to insert his name in such list, apply to a stipendiary Magistrate of Police for the town of Calcutta within eight days after such refusal for an order to have his name inserted in such list, and such Magistrate shall, after enquiry, make such order as to the insertion or omission of the name of the applicant as shall be just; and such order, if it directs the insertion of the name of the applicant in such list, shall be forthwith obeyed by the Chairman. The order of such Magistrate made under this section shall not be appealable.

Erroneous omission or entry does not affect election.

21. No election shall be deemed to be invalid, or shall be in any way affected, by reason of the name of any person duly qualified as aforesaid being omitted from the said list, or by reason of the name of any person not duly qualified as aforesaid being inserted therein; and no election shall be deemed to be invalid by reason only of any defect of form in the conduct thereof.

Commissioners may require list of persons in any house.

85. The registration of carts, under the last preceding section, shall be made and the numbers assigned half-yearly, on or after the first day of January and the first day of July in each year, upon such days as the Commissioners shall appoint, and a fee of four rupees shall be paid for each registration.

The Commissioners may in their discretion remit any portion of the fee so payable if they are satisfied that the cart hereinbefore required to be registered has been kept or used as in the last preceding section mentioned for a portion of the half-year only.

When any registered cart is transferred within any half-year, it shall be registered anew in the name of the person to whom it has been transferred; and a fee of four annas shall be paid for every such last mentioned registration.

One-sixth of the total net proceeds of the fees half-yearly received by the Commissioners for the registration of carts, after deducting charges incurred in and about such registration, shall be paid half-yearly by the Commissioners to the municipality of the Suburbs, and one-twelfth of such proceeds to the municipality of Howrah.

Provided that it shall be in the discretion of the Local Government, from time to time, to alter the proportion of the said proceeds required by this section to be paid by the Commissioners to the municipalities of the Suburbs and of Howrah respectively, and to prescribe such other proportions as to it shall seem proper.

Last two sections not to apply to certain carts.

86. The three last preceding sections shall not apply to carts—

(*a*) which are the property of the Government,

(*b*) which are the property of the Commissioners, the Municipal Commissioners of the Suburbs, or of Howrah.

(*c*) or which are kept at any place more than eight miles distant from Government House, and are only temporarily and casually used within the Town, the Suburbs, or Howrah.

On failure to register, the Commissioners may seize and sell cart and animals.

87. If any person owns or keeps any cart hereinbefore required to be registered, without having caused the same to be registered, the Commissioners or any Officer authorized by them in that behalf, may seize such cart (provided the same be not employed at the time of the seizure in the conveyance of passengers or goods), together with the animals or cattle drawing the same, and may detain them;

and all Police Officers shall, on the application of the Commissioners or their Officers as aforesaid, seize and detain any such cart, animals, or cattle.

If the cart, animals, or cattle so seized be not claimed within ten days, they may be sold by auction by order of a Justice of the Peace, or Magistrate, and the proceeds of such sale may be applied to the expenses incurred on account of the seizure, detention, and sale; and the surplus (if any), if not claimed within a further period of twenty days, shall be paid to the Municipal Fund of Calcutta.

90. If the annual value of any house or land as assessed under Chapter V, shall in any case exceed the amount of rent payable by the occupier to the owner, the owner may in such case recover from the occupier the difference between the sum assessed upon him and the sum at which he would have been assessed had he been rated only upon the amount of rent actually payable to him, and such difference shall be added to the rent payable by the occupier, and shall be recoverable by the owner from him.

Remission of house-rate when house vacant.

91. Where any house or land, whereon the rate is assessed under Chapter V, has been vacant for sixty consecutive days during any year, the person assessed to the said rate shall be entitled to a remission of so much thereof, not exceeding one-half of the rate for that year, as shall be proportionate to the number of days such house or land has been vacant, if notice shall have been given in writing to the Commissioners of such house or land being vacant; and the date of vacancy shall be calculated from the date of the delivery of such notice at the office of the Commissioners.

No remission unless application be made within six months from vacancy.

Refund of Water-rate when house ceases to be occupied.

93. Whenever any quarterly instalment of Water-rate shall have been paid in respect of any house or land, and such house or land shall, during the quarter for which such instalment shall have been paid, cease to be occupied, the person who shall have paid such Water-rate shall be entitled to be repaid by the Commissioners three-fourths of such sum as shall bear to the amount paid by him the same proportion which the residue of the quarter bears to an entire quarter, if notice shall have been given in writing to the Commissioners of such house or land being vacant; and the date of vacancy shall be calculated from the date of the delivery of such notice at the office of the Commissioners.

Refund of Police and Lighting-rates when house ceases to be occupied.

Whenever any quarterly instalment of the Police and Lighting-rates shall have been paid in respect of any house or land, and such house or land shall, during the quarter for which such instalment shall have been paid, cease to be occupied, the person who shall have paid such instalment shall be entitled to be repaid by the Commissioners such sum as shall bear to the amount paid by him the same proportion which the residue of the quarter bears to an entire quarter, if notice shall have been given in writing to the Commissioners of such house or land being vacant; and the date of vacancy shall be calculated from the date of delivery of such notice at the office of the Commissioners.

No refund of rates unless application made within six months from vacancy.

95. No refund of rates shall be made under the two last preceding sections, unless the same is applied for within six months from the date of cessation of occupation of the house or land on account of which the refund is applied for.

Rate payable on house or land becoming occupied.

96. Whenever any house or land, which shall have been unoccupied, shall be occupied during any quarter, there shall be forthwith payable in respect of such house or land, such amount of the Water, Police, and Lighting-rates as shall bear to the entire quarterly instalments of the said rates for such house or land the same proportion as the residue of such quarter after such house or land shall be occupied bears to an entire quarter.

Person subletting to different persons to be deemed occupier.

97. Whenever any person holding any house or land at a rent from the person liable to pay the House-rate has or may sublet the same to different persons holding in severalty, the person so holding shall, for the purposes of this Act, be deemed to be the occupier of such house or land.

Occupier paying Water-rate to deduct one-fourth from rent due to owner.

98. Whenever the person from or by whom the Water-rate shall have been recovered or paid shall not be the owner of the house or land in respect of which the Water-rate shall have been assessed, such person may recover from the owner of such house or land one-fourth of the Water-rate so paid by deducting the same from the rent payable by him to such owner.

When house or land unoccupied, owner to pay one-fourth of Water-rate.

99. Whenever any house or land has been unoccupied during an entire quarter, the owner of the said house or land shall pay to the Commissioners one-fourth of the sum which would have been payable as Water-rate by the occupier if such house or land had been occupied.

The sum payable by the owner under this section shall be payable on the first of April, the

first of July, the first of October, and the first of January, for the quarters immediately preceding those dates.

Power to assess owners in certain cases.

100. If any house is occupied by more than one person holding in severalty, or is of less assessed annual value than two hundred rupees, the Commissioners may impose the Water, Police, and Lighting-rates upon the owner of such house, or upon the owner of the land on which such house is situated.

Owner to recover from occupier water-rate paid by owner.

101. If the Water-rate is paid by the owner of any house or land under the last preceding section, such owner may, if there be but one occupier of the house, recover from such occupier three-fourths of the rate so paid by such owner;

and if there be more than one occupier, he may recover from each occupier three-fourths of such sum as shall bear to the entire amount of rate so paid by him the same proportion as the value of the portion of the house in the occupation of such person bears to the entire value of such house.

Owner to recover from occupier police and lighting-rates paid by owner.

102. If the Police and Lighting-rates are paid by the owner of any house or land under section one hundred, such owner may, if there be but one occupier of the house, recover from such occupier the entire amount of the rates so paid by such owner;

and if there be more than one occupier, he may recover from each occupier such sum as shall bear to the entire amount of rates so paid by him the same proportion as the value of the portion of the house in the occupation of such person bears to the entire value of such house.

Owner to have same power for recovering rates as for recovering rent.

103. Every owner who, under the provisions of the two last preceding sections, may be entitled to recover any sum from the occupier of any house or of any portion thereof, shall have for the recovery of such sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to him by the occupier in respect of such portion of the house as may be in his occupation.

CHAPTER V.

OF THE ASSESSMENT OF HOUSES AND LAND.

Annual value of house or land how to be ascertained.

104. The estimated gross annual rent at which any house or land, liable to rate under this Act, might reasonably be expected to let from year to year, shall, for the purposes of any rate to be imposed under this Act, be held and be deemed to be the annual value of such house or land

The value of land so estimated shall not include the value of any machinery thereupon.

Provided that all the unoccupied land, roads, and slopes of the Port Commissioners shall be rated at the rent for which the said land, roads, or slopes might be reasonably expected to let, in the same manner as if the said land, roads, and slopes were used for other than public purposes, and belonged to persons other than a public body, save and except the road extending from the northern boundary of the premises occupied by the East India Railway Company at Armenian Ghât to the Chitpore canal, and the road extending from the Chitpore road to the river Hooghly at Coomartollah Ghat, for a width not exceeding seventy feet and sixty feet respectively, which shall be exempted from assessment of any rate under this Act.

Annual value to be assessed by the Commissioners; assessment to remain in force for six years.

105. All assessments made by the Commissioners prior to the commencement of this Act shall remain in force during the period for which they were so made, and on the expiration of such assessments, the annual value at which any house or land is to be assessed shall be fixed by the Commissioners, and such house or land shall be assessed upon the value so fixed for six years from the date on which it is so fixed.

When substantial improvement made, Commissioners may re-assess.

106. If, during the currency of any period mentioned in the last preceding section, any substantial alteration and improvement is made to any such house or land, the Commissioners may cause such house or land to be again assessed, even though such period has not expired, and such last mentioned assessment shall be in force, and the rate shall be imposed according to it, until the expiration of the said period of assessment.

When substantial injury done, Commissioners may re-assess.

107. If, during the currency of any period mentioned in section one hundred and five, any such house or land shall receive substantial injury through fire, cyclone, the act of God, or civil commotion, or suffers material depreciation from any cause proved to the satisfaction of the Commissioners to have been beyond the control of the owner or occupier thereof, the Commissioners shall, as soon as practicable, on application being made to them in writing by the owner or occupier of such house or land, cause such house or land to be again assessed, even though the current period of assessment has not expired, and such last mentioned assessment shall be in force, and the rate shall be imposed according to it, until the expiration of the said period of assessment;

Provided that if any substantial alteration and improvement shall be made, prior to the expiration of the said period of assessment, to the house or land which shall have been again assessed as aforesaid, the Commissioners may cause such house or land to be again assessed as under section one hundred and six

Annual value assessed to be entered in a book

108. The annual value assessed by the Commissioners as hereinbefore provided, shall be entered in a book to be kept at the office of the Commissioners, wherein shall also be written in distinct columns—

(*a*) the name of the owner;

(*b*) the name of the occupier, if the occupier is the person liable to pay the rate;

(*c*) a designation of the property, sufficient to identify the same, together with the name and number of the street (if any) in which it is situated;

(*d*) the amount of the rate assessed thereon; and

(*e*) the amount of the rate assessed on the house and on the land respectively, whenever any rate is payable by the owner of the land, and the said owner is not the owner of the house situated on the said land.

The book required to be kept under this section is hereinafter called the "assessment book."

When the name of the owner or occupier is not known, it shall be sufficient to designate him in the assessment book as the "owner" or "occupier."

New valuation or measurement to be made.

109. The Commissioners shall from time to time make a valuation or measurement of all houses and land within the Town, and for such purpose may divide the Town into such and so many districts as they may think fit, and proceed to make a separate valuation or measurement district by district, and shall enter the same in the assessment book.

Returns may be required for purpose of valuation.

110. The Commissioners may require the owner or occupier of any house or land, to furnish them with returns of the measurements and of the rent or annual value thereof; and the Commissioners or any person authorized by them in that behalf, may at any time between the hour of seven in the forenoon and sunset enter on, and inspect, survey, and measure such house or land, after giving a notice in writing of not less than twenty-four hours.

Penalty.

111. Whoever refuses or fails to furnish any such return for the space of one week from the day on which he shall have been required so to do, or knowingly makes a false or incorrect return, and whoever hinders, obstructs, or prevents any Commissioner or any person appointed by the Commissioners as aforesaid, from entering or inspecting or measuring any such house or land, shall be liable to a fine not exceeding two hundred rupees for every such offence.

Public notice of valuation and measurement to be given.

112. When the valuation or measurement of any of the districts of the Town, into which it may have been divided by the Commissioners, shall have been completed, the Commissioners shall give public notice thereof, and of the place where the assessment book, or a copy thereof, may be inspected, by advertisement in at least two of the English daily newspapers, and in two vernacular newspapers, published within the Town, and also by placards posted up in conspicuous places throughout such district of the Town;

and the person in whose custody the assessment book may be, shall permit every person being the owner or occupier of any house or land included in the assessment or measurement, or the agent of such owner or occupier, to inspect the book and to make extracts therefrom without payment of any fee, and every person not being such owner or occupier, to inspect and make extracts, in like manner, on payment of a fee of one rupee.

Notice when valuation made for first time or increased.

113. The Commissioners shall, in all cases in which any house or land is for the first time assessed, or in which the valuation or measurement of any house or land previously assessed is increased, give special notice thereof to the owners or occupiers of the same, and when the valuation is increased as aforesaid, the said notice shall state the grounds of such increase.

Appeals.

114. Appeals against any assessment made by the Commissioners under this Chapter shall lie

(*a*) to not less than three Commissioners, other than executive officers of the Commissioners; or

(*b*) to the Court of Small Causes.

In any case of an appeal to the Court of Small Causes under this section the said Court may follow the procedure laid down in sections three hundred and fifty-four and three hundred and fifty-five.

Notice to be given by person appealing.

115 Any person desiring to appeal against any assessment made under this chapter, shall, within fifteen days of the publication of the notice referred to in section one hundred and twelve deliver at the office of the Commissioners a notice in writing, stating the grounds of appeal, and also informing the Commissioners whether he intends to appeal under clause (*a*) or (*b*) of the last preceding section

No appeal shall lie as hereinbefore provided unless the amount of the house-rate for one quarter, under the assessment about to expire, has been deposited with the Commissioners;

and unless the appeal is preferred by the person who, at the time the appeal is made, shall be recorded in the said book as the owner of the house or land to which the appeal refers, or by the occupier thereof, or by the agent of either of them.

Notice of day for hearing appeals.

116. The Commissioners shall give notice of a day, not being less than fifteen days from the publication of such notice, when they will proceed to hear the appeals under clause (*a*) of section one hundred and fourteen.

Every appeal under clause (*b*) of the said section shall be presented to the Small Cause Court within seven days from the date of the delivery of the notice at the office of the Commissioners under the last preceding section.

Assessment by Commissioners when to be final.

117. The assessment by the Commissioners of any rate, when no appeal therefrom is made as hereinbefore provided, and the adjudication of any appeal under the two last preceding sections, shall be final and conclusive.

Assessments to be entered in assessment book.

118. The assessments made by the Commissioners, subject to such alterations as may from time to time thereafter be duly made on appeal, shall be entered in the assessment book, and the rate calculated on the said assessment shall, subject to such alterations as aforesaid, be deemed to be the rate for the whole period for which the assessment is made, and this period shall be calculated from the commencement of the quarter next succeeding that in which any such amendment shall be so authenticated; and until such date the old assessment shall continue in force, notwithstanding that the period for which the old assessment was made may have expired.

Alteration or amendment of assessment.

119. The Chairman or Vice-Chairman may at any time amend the assessment book by inserting therein the name of any person whose name ought to be so inserted, or by inserting any house or land liable to the rate, after

giving notice, to any person interested in the making of the amendment, of a day, not being less than fifteen days from the date of the service of such notice, when such amendment is to be made; or by striking out the name of any person or any house or land not liable to the rate, or reducing the amount of the assessment, without notice.

and if any amendment shall be made, in cases where notice is required, the same shall be deemed to have been made on the expiration of fifteen days after service of the said notice; and any person interested in such amendment may appeal by application in writing to the Commissioners, to be left at their office three clear days before the day fixed in the said notice for such amendment; and the provisions of sections one hundred and fourteen, one hundred and fifteen, one hundred and sixteen, and one hundred and seventeen, shall, so far as may be practicable, apply to such appeal.

New assessment book need not be prepared every six years.

120. It shall not be necessary to prepare a new assessment book at the expiration of each period of assessment, but the Commissioners in meeting, other than an ordinary meeting, may adopt the valuation or measurement and assessment contained in any assessment book for any previous period, with such alterations as may in particular cases be deemed necessary, as the valuation, or measurement and assessment for the period next following;

Provided that sections one hundred and ten to one hundred and eighteen (both inclusive) shall, as far as may be practicable, be applicable to such valuation or measurement and assessment, and to the assessment book or books in which it is contained.

CHAPTER VI.

OF LEVYING THE RATES.

Bills to be presented.

121. When any rate is due, the Commissioners shall cause to be presented, to the person liable to the payment thereof, a bill for the sum due, which shall also contain a statement of the period, and a description of the property, for which the rate is charged.

Provided that whenever any rate is payable by the owner of the land, and the said owner is not the owner of the house situated on the said land, the assessment on the land and on the house shall be separately entered in the said bill.

Notice of demand.

122. If the bill is not paid by the person liable to pay the same within seven days from the presentation thereof, the Commissioners may cause to be served upon such person a notice of demand, in the form contained in the fourth schedule, or to the like effect; and if he shall not, within seven days from the service of such notice of demand, pay the sum due, or show sufficient cause, to the satisfaction of the Commissioners, for non-payment of the same, such sum, with all costs, may be levied by distress and sale of the moveable property of the defaulter, or if the defaulter be the occupier of any house or land in respect of which a rate is due, by distress and sale of any moveable property found on the house or land, under a warrant in the form contained in the fifth schedule, or to the like effect, to be issued for that purpose by the Commissioners.

Distress.

For every notice of demand under this section which the Commissioners shall cause to be served upon any person, a fee, not exceeding one rupee, shall be paid by such person.

Such fee shall be added to the amount of the rate in respect of which the notice is given, and, if not duly paid, shall be levied in the same manner as such rate may be levied.

Inventory—notice of distress.

123. The officer charged with the execution of a warrant of distress under the last preceding section shall make an inventory of the moveable property seized under such warrant, and shall at the time give a notice in writing, in the form contained in the sixth schedule, or to the like effect, to the person in possession thereof at the time of the seizure, that the said moveable property will be sold as therein mentioned.

Sale.

124. If the warrant is not in the meantime discharged or suspended by the Commissioners, the moveable property seized shall be sold under the orders of the Commissioners, who shall apply the proceeds, or such part thereof as may be necessary, in discharge of the said arrears and costs;

and the surplus, if any, shall be returned, on demand, to the person in possession of the moveable property at the time of the seizure.

All sales of property under this section shall, so far as may be practicable, be regulated by the procedure now in force or hereafter to be in force, in the Court of Small Causes with respect to sale after distress.

Fees shall be payable upon distraints under this Act according to the rates set forth in the Table of Fees in the sixth schedule.

All officers and servants of the Corporation are prohibited from purchasing any property at any such sale.

Goods of defaulter, wherever found, may be distrained.

125. The moveable property of any person from whom any rate is due may be distrained, wherever the same may be found, for default in payment of the money due from him.

Rate due from owner may be recovered from occupier, and deducted by him from his rent.

126. If the sum due on account of any rate from the owner of any house or land remains unpaid after notice of demand has been duly served, the Commissioners may demand the amount from the occupier for the time being of the house or land, and, on non-payment thereof, may recover the same by distress and sale of any moveable property found on the house or land, and, in such case, the occupier may deduct, from the next and following payments of his rent, the amount which may be so paid by, or recovered from, him.

Provided that no arrear of rate, which has remained due from the owner of any house or land for more than one year, shall be so recovered from the occupier thereof.

Distress not unlawful for want of form.

127. No distress levied under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the notice, schedule, summons, notice of demand, warrant of distress, inventory, or other proceeding relating thereto, nor shall such party be deemed a trespasser on account of any irregularity committed by him; but all persons aggrieved by such irregularity may recover full

satisfaction for any special damage sustained by them in any court of competent jurisdiction.

Commissioners may sue, instead of proceeding by distress.

128. Instead of proceeding by distress and sale, or in case of failure to realize by distress and sale the whole or any part of the sum due in respect of any rate, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

CHAPTER VII.

OF THE WATER-SUPPLY.

The Commissioners to provide water-supply.

129. The Commissioners shall provide a supply of water within the Town, and shall for that purpose cause such mains and pipes to be laid, and such tanks, reservoirs, or other works to be made and constructed, as shall be necessary for the supply of filtered water in all the chief public streets of the Town, and shall also erect, in all such streets, sufficient and convenient stand-pipes or pumps for the gratuitous use of the inhabitants of the Town for domestic purposes.

The said stand-pipes or pumps shall be so placed that there shall not be any portion of any such chief street at a greater distance than one hundred and fifty yards from some such stand-pipe or pump.

What are not domestic purposes.

130. A supply of water for domestic purposes shall not include a supply of water for animals, or for washing carriages, where such animals or carriages are kept for sale or hire, or a supply for any trade, manufacture, or business, or for fountains, or for watering gardens or roads, or for any ornamental or mechanical purpose.

Pressure at which water must be kept.

131. The Commissioners shall, between the hours of six in the forenoon and nine in the afternoon, so far as may be reasonably practicable, keep and maintain in their pipes and mains a sufficient supply of filtered water under a pressure of not less than ten feet for the domestic use of the rate-payers, and shall daily, from the hour of seven in the forenoon to nine in the forenoon, and from the hour of five in the afternoon to six in the afternoon, maintain a pressure of water in the service pipes and mains sufficient to raise the water in all houses and places in which the same may be introduced, to a height of not less than fifty feet.

Supply for business.

132. The Commissioners may supply water through a meter, for purposes other than domestic purposes, provided that the person requiring such supply make application to the Commissioners in writing, specifying the purpose for which such supply is required and the quantity likely to be consumed.

The Commissioners may thereupon, subject to such charges or rates as may have been fixed by the Commissioners in meeting, other than an ordinary meeting, lay down, or allow to be laid down, the necessary communication-pipes and works, of such dimensions and character as may be fixed by the Commissioners.

Householder entitled to certain supply of water for domestic use.

133. The occupier of every house shall be entitled to have, free of further charge, fifteen hundred gallons of filtered water for every rupee paid to the Commissioners as water-rate on account of such house, to be supplied from the service pipes of the Commissioners for domestic use through a ferrule of such size as the Commissioners may determine. If the Commissioners have reason to believe that the occupier of any house consumes more filtered water than he is entitled to as aforesaid, it shall be lawful for the Commissioners to provide a water-meter at their own expense, and attach the same to the water-pipes of the said house; and any water which may be used over and above the quantity to which the occupier is entitled as aforesaid shall be paid for by him at the rate of one rupee for every fifteen hundred gallons.

Provided that no charge shall be made by the Commissioners for unfiltered water supplied under the next succeeding section.

Nothing contained in the first clause of this section shall apply to houses assessed at less than twelve hundred rupees per annum.

Commissioners may provide filtered or unfiltered water for latrines.

134. It shall be at the option of the Commissioners to provide filtered or unfiltered water for all latrines and water-closets; and wherever filtered water has been already supplied to such latrines or water-closets, it shall be lawful for the Commissioners at their own expense, and not otherwise, to stop the supply of filtered water, and in lieu thereof to provide unfiltered water for such latrines and water-closets.

All latrines to be provided with cistern.

135. All latrines and water-closets now supplied, or hereafter to be supplied, with water, filtered or unfiltered, shall be provided with a cistern of such size and description as the Commissioners shall direct; and all such cisterns shall be put up at the cost of the owner of the house or land so supplied with water.

Communication-pipes, &c., to be made of required dimensions and at expense of householder.

136. Every person paying the water-rate hereinbefore mentioned shall be entitled to lay down communication-pipes from the service pipes of the Commissioners, for bringing into his house or land a reasonable supply of water for domestic use; provided that the Commissioners shall be at liberty to cut off the supply of water to any house or land during the time the said house or land is unoccupied.

The Court of Small Causes shall be deemed a competent court for that purpose.

284. On receipt of report Local Government may order Commissioners to serve a notice on owners.

286. If the Commissioners make default in carrying out the said order of the Local Government, the Local Government may appoint some officer to perform the same, and such officer may exercise such of the powers conferred upon the Commissioners by sections two hundred and eighty-one and two hundred and eighty-two, as are necessary for the execution of the said works, and shall be liable to all or any of the obligations imposed upon the Commissioners by section two hundred and eighty-three, and the expenses incurred by such officer in the execution of the said works shall be paid by the owner of the land.

If Commissioners make default in carrying out order, Local Government may carry it out.

Provided that the Local Government may order the expenses so incurred to be recovered by instalments from the said owner, or if it should appear to the Local Government that the said owner is by reason of poverty unable to pay the same, may order the same or any portion thereof to be paid out of the Municipal Fund.

Expenses may be recovered by instalments or remitted in case of poverty.

And if the fine cannot be so levied, the offender may be punished by such Justice of the Peace with rigorous or simple imprisonment, as defined in section 53 of the Indian Penal Code, for a term not exceeding two months.

348. Whenever any prosecution shall be instituted before any Justice of the Peace under this Act, he may summon the person charged to appear at a time and place to be mentioned in the summons; and if such person shall not so appear, such Justice of the Peace may, upon proof of service of the summons, if no sufficient cause shall be shown for the non-appearance of the person charged, proceed to hear and determine the case in his absence.

Rules for the award of Normal School Scholarships.

Young men of the age of 15 years and upwards, who passed the vernacular scholarship examination, may be admitted into normal schools without any further examination.

2. In the event of a sufficient number of admissions not being made under rule 1, it will be in the power of the head-master of the normal school, acting under the orders of the Director of Public Instruction and the Circle Inspector, to invite by public advertisement such candidates as may desire to be admitted, and to subject them to an examination of equal difficulty with that for vernacular scholarships.

3. The examination under rule 2 is to be held so soon, after the result of the vernacular scholarship examination is known, as may be most conducive to the benefit of the normal schools, and not later than the 1st February each year. The annual examination will ordinarily be held in December.

4. A limited number of normal school scholarships will be awarded to those students who most distinguish themselves at the annual examination in December. Such scholarships will be of the value of Rs. 3 a month each; but a scholarship may be raised to Rs. 4 a month if the holder of it distinguishes himself in the examination of the following year. No normal school scholarship will be awarded to any student who shall not have studied at the normal school for at least one year.

9. On the application of scholarship-holders, the Director of Public Instruction shall be competent to sanction the transfer of a scholarship-holder from one normal school to another; but such transfer will be sanctioned only upon very strong grounds, such as illness, removal of relatives, &c.

10. Students of normal schools who may not enter them as scholarship-holders shall be eligible for normal school scholarships if they acquit themselves creditably at the annual examinations of the normal schools. Those who actually hold vernacular scholarships will be allowed to retain their scholarships in addition to the normal school scholarships.

On the 27th April last Baboo Nobin Chundra Sen, Deputy Collector in charge of Road Cess Office, was elected Vice-Chairman of the Committee. It will be seen that the actual receipts have exceeded the estimate by Rs. 4,257.

4. Of the Rs. 474 shown as miscellaneous cesses, Rs. 329 are the proceeds of the one per cent. road cess levied on some of the recently settled Government estates, the rest being made up of fines realized from the proprietors of estates for non-submission of returns called for under section 6 of Act X of 1871.

The canal and ferry tolls for the present year, 1875-76, fetched at public auction a much higher figure than was anticipated, and the deposit payments on this head account for much of the excess shown.

The Rs. 756 shown as fines and refunds represents the unexpended balance refunded by persons who had received petty advances for works undertaken by them.

Thus it will be seen that the total actual expenditure falls short of the estimate by Rs. 1,250. This is owing to the fact that though Rs. 500 were during the year advanced for petty works, and Rs. 1,400 for repairing village roads, the accounts of the final expenditure of these sums had not been received up to the close of the year, so that they are not shown under the head of expenditure.

The entire amount shown as cost of establishment employed on assessment and collection of revenue and as contingencies on that account was disbursed on account of the establishment now engaged in the assessment of the road cess—an operation which, instead of extending over three months, as was estimated for, will probably extend over, more approximately, three years. On the subject of the progress of these assessments and the cost of making them a separate report was, on the 16th November last, submitted. It will suffice

here to note that Government has ordered that this establishment is to be paid from the ordinary funds of the Committee so long as they can bear the charge, and that when that cannot be done, Government will advance to the Committee the cost of the establishment at Rs. 1,250 per mensem for a period not exceeding eighteen months. Up to the close of the year Government had accordingly advanced to the Committee Rs 2,499-4-1 on this account; this sum is not shown on either side of the Committee's accounts. Record of the transaction remains in the treasury, and the amount is to be refunded out of the first year's collections of the cess.

The works on the very urgently required new roads (*a*) from Chittagong to Ramgurh on the Feuny, 50 miles, and (*b*) from Hathazari, on that road, to the Hill Tracts boundary, where it will meet the road from Rungamuttee, the head-quarters of the Hill Tracts district, 20 miles, were pushed on with the utmost energy our funds admitted of, and occasioned an excess outlay on original works to the amount of Rs. 2,023, which is more than set off by the savings under headings 6, 7, and 9.

6. On the 13th August it was estimated that the balance available for the year 1875-76 would be Rs. 8,500. But this estimate was framed under the impression that an amount of Rs 3,372 paid to the road cess assessment establishment subsequently to the middle of April last, the date up to which the Committee had previously agreed to pay from their funds the cost of that establishment, would have been at once recovered in cash from the advance promised by Government; the terms of the more recent orders, however, forbid as yet the recovery of this amount.

7. Up to April last all the works of the District Road Committee were undertaken by the Executive Engineer, but under the Government Resolution No. 1209 of the 8th March 1875, it was resolved at a meeting held on the 27th April last that a separate road establishment, at a total annual cost of Rs. 4,800, should be entertained under the Committee. Original works of importance were to be placed under the supervision of the Executive Engineer of the division, and for this the Committee proposed to pay to Government a sum equivalent to 4½ per cent. on the outlay on works so supervised. This proposition was agreed to by Government. The percentage on an outlay of Rs 11,417 since April last amounts to Rs. 513, while for the use of the Department Public Works establishment from October to March we paid Rs. 1,258.

8. The Committee much regret the extra drain which has been put on their already insufficient funds by the maintenance for some months of the cess assessment establishment — an outlay from which they can expect no return for another two years, and which reaches the (to them) very important sum of Rs. 7,000 They believe the figures given in paragraph 5 will show how earnestly they have set themselves to the work of effecting every possible economy, while they are determined to push on the works so much required by this district with all the energy of which their inadequate funds admit. It is with satisfaction that they perceive that their work establishment charges are but 12 per cent. on the value of the work executed by that agency (Rs. 3,322 on Rs. 27,756,*) and that they find their canals showing such an expanding revenue. These sold for Rs. 7,410 for the year 1875 76, as against Rs. 6,000 for the year 1874-75 and Rs. 4,653 as the average of the last five years.

9. The work done during the year is summarized below; further details are to be found in Appendix B:—

(1)—Widening, straightening, and bridging the road from Chittagong to Ramghur, distance 50 miles (from 12th mile to 15th mile).

(2)—Construction of a new road from Hathazari towards the Hill Tracts, distance 20 miles (from 2nd mile to 3rd mile).

(3)—Widening and straightening the road from Chittagong to Ookhia Ghât on the Naaf, distance about 100 miles, called the Arakan road (from 34th mile to 38th mile), with some bridging.

(4)—Construction of the road from Chittagong to the house of Sheik Abdool Malum, one and a half miles (one mile constructed). Towards this road the above mentioned gentleman contributed half the cost, or Rs. 5,074, and now offers a further sum of Rs. 400 towards the Rs. 2,000 still necessary for its completion. The Port Fund has been charged with the other moiety.

(5)—Construction of bridges on a road from Cox's Bazar to Ramoo, distance about 10 miles.

(6)—Part construction of a road on Kutubdeah Island (one mile).

(7)—Purchase of three boats for the ferry from Kumeria to Sundeep Island, which is managed directly by the Committee.

(8)—Compensation for the resumption of Bagkhali ferry.

(9)—Providing the gate in Boalkhali canal with wing walls and angle irons.

(10)—Deepening the Banskhali and Boakhali canals.

(11)—Repairs to the completed portions of the main roads shown above as under construction and to several small works, mostly lying within a circle of ten miles round the town of Chittagong.

10. An unprecedented flood swept across a part of this district early in August last; I regret to say that it here and there caused much damage to the masonry works on our roads;

the damage it did to the earthwork, though considerable, is repaired with little difficulty. It completely swept away one bridge on the 29th mile of the Arakan road, and damaged the wing walls of many bridges on all the roads, especially on the Hill Tracts road.

11. Our estimated income for the present year is Rs. 29,792, including Rs. 5,592 the balance in hand at the close of year 1874-75. Our estimated expenditure disposes of the whole of this sum.

12. The Committee have rightly, I consider, determined to concentrate their operations more than has hitherto been the case. It appears to them that a road is of comparatively little use until it is open from end to end, and they have therefore resolved not to prosecute original works in the centre and south of this long straggling district to any extent until the important roads they have undertaken in the north are complete. The southern and central portions of this district are rich in water routes, but the fifty miles which lie north of the river Kurnafoolee is almost without these. They have therefore adopted the policy, in which I fully concur, and to which their slender resources compel them if they would confer any real benefit on the district, of starving as far as possible all other localities until the road from Chittagong to Ramghur on the Fenny and the road to the Hill Tracts boundary are accomplished facts. It can scarcely be doubted that the effect of the road to Ramghur will be to open up a considerable tract of country in thana Futtekcherry, embracing an area of some 200 square miles, which is at present, as far as I know, the only considerable tract in this district which admits of cultivation and has not been utilized. This portion of the district is at present but very thinly populated, and the means of locomotion are confined to narrow and broken foot-paths through jungle. The opening of this road would be certain to bring with it speedily the cart traffic, which is even now springing into existence on the thirteen miles completed at the southern end. Fifteen years ago the Dacca road, which runs through the north of the district parallel with the Ramghur road but separated from it by an impassable range of hills, had not a cart on it; its wheel traffic is now very heavy, and each of the villages along the roadside can show a score of carts.

The Hill Tracts road is scarcely less important. Its length in this district will be about twenty miles and in the Hill Tracts about fourteen miles It branches from the Ramghur road twelve miles north of the town of Chittagong; Rungamuttee, the head-quarters of the Hill Tracts, will thus be brought within about forty-six miles of Chittagong The tract of country through which the road passes has no good water-routes. It will give the hillmen great opportunities of visiting the markets of regulation districts, and will no doubt add considerably to the prosperity of the country through which it passes. On these two roads then, the Ramghur and the Hill Tracts, we mean to concentrate our energies until we bring them to a successful completion.

13. The matter which we hold to rank next as most urgent is the improvement of the waterways in the centre of the district. We have at present a most serviceable line of canals connecting the Kurnafoolee at Chittagong with the Sungoo, and the Sungoo with the Matamoree, in thana Chakoria (Cox's Bazar sub-division). The total length of the line is about forty miles. The increase of traffic on this route may perhaps be judged from the fact that while in 1874-75 these canals were farmed out for Rs. 6,000, they sold at the end of that year for 1875-76 for Rs. 7,410. Nevertheless in its present state this route is not complete; the waters are tidal and heavily laden with silt, which causes us much trouble, and necessitates frequent closures, remission of revenue, and expenditure. We have it therefore in contemplation to place locks at the entrance from the Kurnafoolee, as well as on either side of the Sungoo, and also at the southern terminus. But the expense will be heavy, and although some time may elapse before we can find the funds for the execution of this project, we apprehend that the time now expended in deliberation upon it will not be wasted if we can devise some efficient and economical method of effecting our purpose as soon as funds are available.

14. We also have under deliberation the opening up of the old and now almost unused Moiskhali canal connecting the port of Chittagong directly with the Bay of Bengal at a spot where the sea is, owing to the island of Sundeep, much less open and dangerous to boats than it is at the mouth of the Kurnafoolee. The length of this canal would be about seven miles; it would cut across the long tongue of land which now separates the windings of the Kurnafoolee from the sea. The cost, however, would be considerable, probably not less than Rs. 75,000, as the canal to be really efficient must be locked at both ends.

15. These are the projects which immediately press upon us. But it may not be out of place to note here the other lines of communication which, though second in importance to the above, are still very greatly needed.

Dividing the district into three portions, we have—

North of the Kurnafoolee.

(1)—Nazir Hât to Bibi Hât and Fennoa tea gardens (already in existence, requires improvement) eight miles (*a*).

(2)—Nazir Hât to Ranjan and Lamboo Hât on the Kurnafoolee, twenty-four miles (*a*).

(3)—Ranjan to Chowdhry Ghât on the Hulda, twelve miles (*a*).

II.—Sudder sub-division south of the Kurnafoolee.

(4)—Ten miles of the Arakan road at the southern end and some bridging, ten miles (*a*).

(5)—Puttea to Anwarah, eight miles (*b*).

(6)—Pathurghatta (opposite the town of Chittagong) to Jhalda, Parkee, and Gohira, along the south bank of the Kurnafoolee, and the sea face, eighteen miles (*a*).
(7)—Chandpore on the Sungoo, to Patanee on the Arakan road, twenty miles (*b*).
(8)—Chandpore on the Sungoo, due south, *vid* Juldee to Chunnna, twenty miles (*b*).
(9)—Four good bridges across the forty miles of canal.

III.—Cox's Bazar Sub-Division.

(10)—Arakan road from sudder sub-division boundary to Ookhia Ghât on the Naaf, fifty miles (*a*).
(11)—Cox's Bazar town to Ramoo on the Arakan road, ten miles, partly done (*a*).

N.B.—Roads which should be 12 feet broad are marked (*b*), roads which should be 16 feet broad are marked (*a*); no roads in this district need be more than 16 feet broad at the top. All the roads in this district are unmetalled.

We have thus before us (including the incompleted portions of the Ramghur road, thirty-five miles, and of the Hill Tracts road, seventeen miles) about 182 miles of unmetalled road sixteen feet wide with heavy bridging, and forty-eight miles of unmetalled road twelve feet wide with heavy bridging.

16. Besides this, there are the canal improvements already spoken of, and many small village roads and feeders. These latter are now being much attended to. The removal of encroachments is insisted on, zemindars and village headmen are compelled to look to their repair, jungle on either side is cut, and bridges which can be crossed in safety are being constructed. Provided the rest of the road is put in good repair, we now offer to construct the bridges on these village roads up to such a limit as that portion of our income which we annually set aside for this purpose will allow of. Some native gentlemen, amongst whom I may mention Sheik Abdool Malum and Deputy Collector Baboo Goluck Chunder Rai, are aiding us with liberal contributions towards the construction of roads in the neighbourhood of their villages. In several cases it is found that Mahomedan gentlemen and villagers have bequeathed lands for the maintenance of certain bridges and roads near their homes. Hitherto the object of the bequest has often been forgotten or neglected either wilfully or through the difficulties which in such a case numerous shareholders present; we are taking steps to enforce the observance of the obligation imposed, offering as an alternative to take over and manage the lands so bequeathed, if such an arrangement should be more convenient to the shareholders.

17. What we are at present each year enabled to effect in the way of opening communications is deplorably incommensurate with what should be done, but we can but husband to the utmost such funds as we have and carefully seek to expend them to the utmost advantage.

1. *Ramghur Road.*—The widening and straightening of this road has been carried out for about 2½ miles between 12th and 15th miles, having a width of 16 feet at top. It has also been turfed. One wooden bridge of 21 feet span with masonry abutment and wing walls, and masonry abutments and wings to a wooden bridge, 46 feet span, have been constructed on the 14th mile. This road has received surface repairs between the 3rd and 15th miles; 83 wooden bridges have been repaired and 8 tarred. It is proposed that during the year 1875-76 the road should be widened and straightened from the 15th to 19th mile, and surface repairs effected from 3rd to 14th miles. Existing bridges will be thoroughly repaired and some of the timber bridges tarred.

2. *Hill Tract Road.*—This road has been constructed three-quarters of mile in length and 16 feet on the top from the village Rohobullapore to Goherah. It has been turfed throughout the three miles complete, and has received surface repairs. Three wooden bridges and one masonry bridge have been repaired, and two wooden bridges tarred. The bridging for the three miles of road is not yet complete. This road will during the year be extended about three miles from Goherah village to the old Ranjan road, and a timber bridge of 64 feet span will be placed over the khal on the third mile. Surface repairs will be executed.

3. *Arakan Road.*—This road has been widened and straightened to sixteen feet on the top from 34th to 38th mile, and about half a mile on the 31st mile. It is not passable for vehicles beyond the 30th mile owing to the absence of bridges. The wooden superstructure over the masonry work of bridge No. 41, 100 feet span, and a culvert No. 43, of 5 feet 9 inches span, on the 30th mile, have been completed. It is not contemplated that new works will be taken in hand in 1875-76, except renewing five wing walls to the culvert and bridges Nos. 22½, 23, and 25 on the 16th and 17th miles, which have been damaged more or less by the floods which swept through the district in the first week of August. The road has received surface repairs from the east bank of the Kurnafoolee to the 29th mile, and is now in good order. Eighteen wooden bridges with wing walls have also been repaired. Surface repairs to the road from the east bank of the Kurnafoolee river to the 38th mile will be made during 1875-76, and the wooden bridges repaired and coal-tarred.

4. *Moishkhali Strand Road.*—This road from the village Gohaildanga, towards Abdul Malum's house at Halishohur, about one mile in length, with a width of sixteen feet to the top, has been constructed and turfed, and is perfectly passable for vehicles. The road has received surface repairs, and two masonry bridges have been plastered with Portland cement. Stone facing has been put on to the slope of the road 107 feet × 8 feet at Gohaildanga to protect the embankment from the encroachment of the river Kurnafoolee. Surface repairs will be executed on this line of road during the year 1875-76, and it is hoped to complete the remaining half mile to Abdul Malum's house. Rs. 2,000 is required for this, towards which Abdul Malum has offered Rs. 400.

5. *Road from Cox's Bazar to Ramoo.*—Two wooden bridges, each 6 feet by 16 feet, were constructed at a cost of Rs. 115-8. Another wooden bridge, 21½ feet by 12 feet, was constructed on masonry abutments at a cost of Rs. 97-9-6. This road has also been repaired within the limits of the Cox's Bazar municipality. Earthwork by the sides of five bridges was repaired. One wooden bridge, No. 1, 37½ feet by 16 feet, was made on masonry abutments at a cost of Rs. 258-8-2, of which Rs. 20 were advanced before October 1874. Another wooden bridge, No. 2, 29½ feet by 16 feet, was made on masonry abutments at a cost of Rs. 202-5-2. A third wooden bridge, No. 3, 21½ feet by 16 feet, was made on masonry abutments at a cost of Rs. 130-12-11. All these bridges have been strongly constructed of jarool planks, 2½ inches to 3 inches thick. The bridges appear to have been constructed on a scale larger than the traffic or funds warrant; a breadth of twelve feet is ample.

6. *Sluice gate on the Boalkhali Canal.*—Angle irons have been fixed for strengthening the gate and wing walls, and a terrace floor constructed.

7. Surface repairs to the following minor roads have been completed:—Robertgunge road, Mahajun Hât road, Tipperah Pass, Nusseerabad, Kaloor Ghât, Bakoleah, Halishohur, Moiskhali towing path, Anwarah, Paroikorah, Chandpore, Sakeerahpole, Dhulghat, towing paths on the banks of Boalkhali canal and Rangoneah roads. Sixteen wooden bridges have been repaired and twenty-three bamboo revetments have been put to the ends of bridges on the Chandpore road; wooden bridges, four on the Robertgunge road, one on the Sakeerahpole road, four on the towing paths on the banks of Boalkhali canal; two bamboo bridges on the Mahajan Hât road, and one bamboo bridge on the Rangoneah road have been repaired and constructed; two wooden bridges on the Anwarah road have been tarred, seven wooden bridges on the Kaloor Ghât road repaired. These roads will receive surface repairs during the year 1875-76. Necessary repairs to the wooden bridges will be executed.

4. The Committee is little better than a farce; the Road Cess Act and the business done under it are regarded as purely Government measures, and the Chairman and Vice-Chairman are the real managers of the whole. Non-official members take little or no interest in the matter of local improvements, and of official members, the Executive Engineer has not been here once during the year. Some difficulty has been experienced in getting together a quorum for the transaction of business as required by the Road Cess Act, and meetings had to be adjourned on several occasions in consequence. A meeting was convened on the 3rd instant to consider the annual accounts for the past year under sections 88 and 89 of the Act, but as no quorum was found, the accounts are submitted under the Chairman's countersignature, because to call a new meeting to elect a Sub-Committee and again call a Committee to pass the accounts, will take two or three months more. The Committee is an irresponsible body, and hence care little about the accounts.

Construction of 38 bamboo bridges and deepening the Attiatolly canal have been completed.
Excavating a canal and constructing spurs to prevent encroachment of Chaprassee khal

2. The sum of Rs. 3,600 shown as balance at credit of deposits was added to the funds of this district in May 1874 by a mistake in the Accountant-General's office It is shown under that head by the order of the Controller, Public Works Accounts, Bengal The Treasury Officer and the Accountant-General have been requested to adjust the mistake at their earliest convenience.

3. At the commencement of the year there were Rs. 14,447-0-9 outstanding on account of advances made to Myoni Tipras and others as per Bengal Government letters No 3071 of 18th May 1872 and No. 1563 of 18th June 1873, received with Commissioner's endorsements No. 257 of 23rd May 1872 and No. 548 of 30th June 1873. At the close of the year there is a balance of Rs. 8,071-4-6 shown as advances outstanding. Out of which a sum of Rs. 1,661-0-9 was advanced to sufferers during the heavy floods in July and August last, and to Public Works Department for surveying the road from Rungamuttee towards Chittagong, leaving Rs. 6,410-3-9 recoverable on account of Road Fund from Myoni Tipras and others. The greater portion of this amount may be recovered during the working season of 1875-76

4. It was proposed in the budget estimate for 1874-75 to execute works amounting to Rs. 25,568-15-3, but pending a professional survey all works were postponed, the expenditure, which amounts to Rs. 12,245-12-6, has thus fallen short of the original estimate, the balance, Rs. 13,323-2-9, is available for the current year. 1875-76.

5. *Communications, Original Works—Roads and Bridges—South-Eastern Trunk Road, Lushai branch*—The following works have been executed during the year under review:—An embankment 15 feet in breadth has been made on about two and a half miles of marshy land between Rungamuttee and Chittagong, 600,000 cubic feet of earth excavated at a cost of Rs 1,318-5-4, débris and boulders removed from a part of that road extending over a mile, and the road widened from two to six feet Cost Rs. 200.

6. *Ditto.*—About 300,000 cubic feet of earth excavated from Manickcherry Moin, thus enlarging the cutting and reducing the height of that hill by ten feet. Cost Rs. 600.

7. *Ditto.*—Twenty-five bridges, consisting of large trunks of trees, and 67 small bridges constructed on that road. Cost Rs. 630-1-4.

8 *Ditto.*—The roads at Rungamuttee (head-quarters) have been improved and widened at a cost of Rs 329-3-6.

9 *Ditto.*—About three and a half miles of road from Feskicherra towards Demagiree were improved by deeper cuttings in the sides of rocky hills by felling trees, uprooting stumps, and sunn grass, and removing them from the road; 20 bridges of large logs of wood planed on the top constructed. Cost Rs. 1,492-8.

10. *Ditto.*—On the road from Ruma, the head-quarters of the Sungoo sub-division, towards Rungamuttee, large trees have been cut and removed, stumps of trees and sunn grass cleared, making a foot-path to an extent of 32 miles. Cost Rs. 3,104-2-8.

11. *Communications, Original Works.—River and Canal Works.*—The channel at Utanchutta rapids, between Rungamuttee and Demagiree, has been deepened and improved by cutting a passage through the rocks. At present boats with a cargo of twenty maunds can with ease go to Demagiree. Cost Rs. 306-13-3.

12. *Minor Original Works.*—The masonry revetment on the side of the head-quarters road has been plastered with soorkee and whitewashed at a cost of Rs. 227-5-6. The large well in the bazar at Rungamuttee has been plastered with soorkee and whitewashed at a cost of Rs. 79-15, and a masonry spring well has been constructed for Rs. 419-15, aggregate cost Rs. 499-14 These wells are a great boon to the station, inasmuch as they afford a supply of pure water, and since they have been in working order no outbreak of cholera or dysentery has occurred. The frequent outbreaks which formerly took place were attributed to bad water alone. The masonry ghât at Rungamuttee has been repaired and plastered with soorkee, and whitewashed. Cost Rs. 246-4-6.

13. *Repairs and Maintenance.—Roads and Bridges.*—Three miles of road from Chunderghona towards Rungamuttee have been repaired by earthwork, amounting to 40,000 cubic feet, and by levelling. Cost Rs. 118-5-4. Twenty miles of road from Rungamuttee towards Chittagong repaired at a cost of Rs. 279-10-8; about two miles of road from Ruma, the head-quarters of the Sungoo sub-division, towards Rungamuttee repaired. Cost Rs. 33-2-5.

14. *Establishment.*—Special allowance of Mr. A. DeRozario, Inspector of Police, Rs. 600; salary of Charifoo, mohurir, Rs. 130, and of two overseers Rs. 150. Need no remarks.

15. *Tools and Plant.*—Rs. 1,935-11-9 spent for the purpose of purchasing tools for the use of the frontier police for constructing roads, clearing jungle, and for general purposes (*vide* Commissioner's letter No. 812 of 11th October 1873), and Rs. 24-14-2 paid for repairing tools, require no fresh comments.

16. Before detailing the works proposed to be undertaken during the year 1875-76, it is necessary to state that the construction of most of the works during 1874-75 on the two roads, first from Rungamuttee towards Chittagong, and second from Ruma, the head-quarters of the Sungoo sub-division, to Rungamuttee, have been postponed in order that they may be professionally surveyed and estimates framed by a professional engineer. A sub-engineer is at present employed in surveying the first-named road; as soon as he completes his work he will be deputed to the other road; but as it cannot be exactly ascertained when he will have finished and to what extent his estimate will amount, all money available for district roads for 1875-76 has been shown in lump sums in the budget estimate above named. I here take occasion to notice the immense damage caused to the Rungamuttee and Chittagong road by the unprecedented rainfall in July and August last, and the consequent floods. Extensive hardships have taken place. Out of 87 temporary wooden bridges, each from 20 to 100 feet in length, which were constructed at much cost and labour over hill streams in previous years, 58 bridges have been washed away, and 17 bridges have been removed from their original positions. Large portions of road along the sides of steep and rocky hills and along the beds of nullahs whose course had been diverted were submerged, and in many such places no vestige of the road can now be traced. Large boulders and débris have fallen on the road from the hills above, and embankments have been swept away here and there. It is hoped that these damages may be repaired before the next rainy reason, otherwise much inconvenience will be caused by the interruption of communications.

17. The following works are proposed in the budget estimate for the year 1875-76:—

18. *Communication, Original Works.—Roads and Bridges.—South-Eastern Trunk Road, Lushai Branch Road No.* 5 (*vide* Bengal Government Circular, Public Works Department, No. 59 of 14th September 1875.—Constructing one mile of road at a cost of Rs. 1,000 from Rungamuttee towards Chittagong, by cutting in the sides of rocky hills and by changing the courses of nullahs near Gagra Moin and Champatholly.

19. *Ditto.*—Constructing six miles of road at a cost of Rs. 3,000 from Rungamuttee towards Chittagong, by raising the earthwork 3 feet high and 15 feet broad.

20. *Ditto.*—Cutting 500,000 cubic feet of earth from the hill near Rungamuttee, so as to make the road practicable in future for wheeled carts, at a cost of Rs. 1,500.

21. *Ditto.*—Cutting 400,000 cubic feet of earth at Rs. 1,200 from Manickcherry Moin for the above purpose.

22. *Ditto.*—Cutting rocky sides of hills and changing the bed of Saufcherry nullah at a cost of Rs. 600.

23. *Ditto.*—Improving the roads at the head-quarter station of Rungamuttee by widening them from 10 feet to 15 feet. Cost of throwing 100,000 cubic feet of earth Rs. 300.

24 *Minor Works.*—Constructing a dam at Rungamuttee for Rs. 478-8 to collect clean water (*vide* Commissioner's letter No. 70H. of 14th May 1875).

25. *Ditto.*—Constructing a circuit and staging bungalow at Rungamuttee, portion payable from Road Fund, Rs. 762 (*vide* Bengal Government letter No. 3935 of 7th August 1875).

26. Constructing 67 temporary bridges for Rs 2,680, at Rs. 40 each, on the road from Rungamuttee towards Chittagong.

27. *Ditto ditto Road No.* 7, *ditto ditto.*—Constructing thirteen miles of road out of 66 miles from Ruma, the head-quarters of the Sungoo sub-division, towards Rungamattee, by cutting and removing jungle, uprooting stumps and roots of trees, and digging out weeds and sunn grass. Cost Rs. 6,500.

28. *Ditto ditto ditto.*—Constructing a road at the head-quarter of the Sungoo sub-division 15 feet broad. Cost of throwing 150,000 cubic feet of earth Rs. 450.

29. *Minor Works.*—Constructing a village road for Rs. 80 from the mouth of Mukbaun to Nolleoniahbit, and another for Rs. 240 from the banks of the river Kurnafoolee to the village of Suburchurry.

30. *Communication, River and Canal Works, No.* 9, *ditto ditto*—Enlarging and deepening the channel at Uttanchuttra between Rungamuttee and Demagiree at a cost of Rs. 500, by cutting and blasting rocks from the bed of the river.

31. *Maintenance and Repairs, No.* 2, *ditto ditto.*—Repairing three miles of road for Rs. 50 from Chunderghona towards Rungamuttee, and a bridge for Rs. 20 on that road.

32. *Ditto ditto Road No.* 5, *ditto ditto.*—Repairing twenty miles of road towards Chittagong twice in the year—once during the rainy season, between July and September, again after the rains in December—by cutting and removing sunn grass and undergrowth of trees, at a cost of Rs. 1,000; removing débris and boulders from one mile of road for Rs. 200; repairing the head-quarters road for Rs. 100; a bridge for Rs. 25; masonry ghât for Rs. 100; whitewashing two wells for Rs. 50, and masonry revetment for Rs. 25.

33. *Maintenance and Repairs, Road No.* 7, *ditto ditto.*—Repairing 24 miles of road from Ruma, the head-quarters of the Sungoo sub-division, towards Rungamuttee twice in the year—once during the cold weather, and again during the rainy season—by cutting and removing sunn grass and weeds. Cost Rs. 1,200.

37. It is necessary, for reasons mentioned in paragraph 16, to keep the roads from Rungamuttee towards Chittagong, and from Ruma, the head-quarters of the Sungoo, to Rungamuttee, open throughout the year, and it may take a long time before a professional survey and estimates are complete and meet the sanction of Government. Even if that sanction is obtained, it will take years before the road from Rangamuttee towards Chittagong can be made practicable for wheeled carts, which fact has been often brought to notice in previous reports; it is therefore proposed to employ the Myoni Tipperas and others, from whom large advances are recoverable, in executing the works detailed in paragraphs 18, 19, 22, 24, 26, and 28 to 33 of this report, by which not only the communication will be kept open, but a great portion of the advances will be repaid in labour. I trust this proposal will be approved of and sanctioned.

From—E. E. LOWIS, ESQ., Commissioner of the Chittagong Division,
To—The Secretary to the Government of Bengal, Public Works Department.

IN compliance with the instructions laid down in Government circulars Nos. 50 and 51 of the 23rd July 1873 and 8th August last respectively, I have the honor to enclose herein copies of the reports on local improvements, together with the annual accounts of the District Road Fund for the cess year 1874-75, submitted by the Chairman of the District Road Committees of Chittagong and Noakholly and the Deputy Commissioner of the Chittagong Hill Tracts.

2. The delay in the submission of the above reports is partly owing to the non-receipt of the report and accounts from the Chairman of the District Road Committee, Chittagong,

until the 13th instant, and partly owing to my having had to await the explanations which I called for from that officer as well as from the Chairman of the District Road Committee of Noakholly with regard to certain discrepancies in the accounts submitted by them. With regard to the date of the submission of the above report and accounts, a reference has also been made by me to Government (*vide* this office No. 483GM., dated 13th December 1875), but no reply has yet been received on the subject.

3. The receipts of the year from tolls and cesses, &c., throughout the division amounted to Rs. 21,054-3-5, which, with the balance and advances outstanding on the 1st October 1874, *i.e.*, Rs. 51,985-0-7, as well as the grant-in-aid from Provincial Funds of Rs. 35,000, made up a total sum of Rs. 1,08,039-4-0 available for works of local improvements in this division for the cess year under review.

4. Out of the total sum of Rs. 1,08,039-4, Rs. 57,726-4-0 were available in the district of Chittagong, Rs. 24,744-0-9 in the district of Noakholly, and Rs. 25,568-15-3 in the Chittagong Hill Tracts. The total estimated receipts amounted to Rs. 1,04,898-0-7, as shown in the margin, including Rs. 55,585-0-7, the unexpended balance remaining at the commencement of the year under review. From the figures given above it will be seen that the actual receipts in the districts of Chittagong and Noakholly exceeded the estimated receipts by Rs. 6,741-3-5. The excess receipts are due to the fact that the canal and ferry tolls for the year 1875-76 fetched at public auction larger amounts than were anticipated, and also to the amounts deposited by the ferry farmers being larger.

Noakholly ...	22,259	13	5
Chittagong Hill Tracts	29,168	15	3

including Rs. 3,600, being the balance at credit of deposits.

5. The accompanying statement (marked A.) will show the several heads of receipts and the amounts collected under each head during the past cess year.

6. The total expenditure of the year amounted to a sum of Rs. 82,303-3-9, against Rs. 70,809 of the preceding year. The following were the chief heads of expenditure, viz :—

	Rs.	A.	P.
Charges on collection	8,318	5	1
Charges on original works	42,146	7	10
Charges for repairs and maintenance of district works ...	24,341	14	5

Purchase of tools and plant	2,490	0	7
Total ...	82,229	0	3

Besides the amount of Rs. 82,229-0-3 just mentioned, Rs. 743 were refunded in the district of Chittagong. The balance at credit at the close of the year amounted to Rs. 25,736-0-3, as detailed below :—

	Rs.	A.	P.
Cash in hand	20,701	7	9
Advance outstanding on the 30th September 1875	8,634	8	6
	29,336	0	3

Total ...	25,736	0	3

7. With a view to give a clear idea of the charges incurred by the District Committees of Chittagong and Noakholly, and also by the Deputy Commissioner of the Hill Tracts during each quarter of the year, the statement marked B. is submitted herewith. If this is compared with the annual accounts of the Deputy Commissioner of the Hill Tracts, it will be observed that there is a discrepancy of Rs. 4-4 in the figures entered in column "Total" under the head "Charges on collection of revenue under the Committee's control," and also under the head "Tools and plant." The Deputy Commissioner has not furnished any explanation regarding the difference. I have, however, requested that officer to supply the omission now.

8. The following discrepancies are also observable in the quarterly and annual accounts now submitted by the Chairman of the District Road Committee, Chittagong :—

Charges on district original works—

	Rs.	A.	P.
Total amount shown in the quarterly statement as expended	26,766	1	11

Total amount shown in the quarterly statement as expended	13,206	2	9
Total amount shown in the annual statement as expended	13,244	5	5

9. With regard to these discrepancies the Chairman has submitted the following explanations:—

The amount of Rs. 660 which was expended in the purchase of a ferry boat for Kumaria ferry, and which is now shown in its proper column against heading "Ferries, original works," in the annual accounts, was mentioned under "Tools and plant, other charges," in the fourth quarterly statement. A charge of Rs. 660 having been shown under heading "Original works, ferry boats," in the second quarterly account, which was submitted to the Controller of Public Accounts on the 28th April last, that officer directed that the above amount should be transferred to heading "Tools and plant, other charges." The Chairman accordingly got his office copy of the accounts corrected. For the same reason the sum of Rs. 660 in question was exhibited under heading "Tools and plant, other charges," in the fourth quarterly statement; but in the annual accounts it has been shown against its proper heading "Ferries, original works," and hence this difference.

	Rs.
Charges on District original works—	
Difference	660
Tools and plant—	
Difference	660

Rupees 105, charged under the marginally noted heading (*a*) in the first quarterly statement, were transferred to heading (*b*) by the Controller, the Chairman accordingly corrected his own office copy. The total of quarterly return under heading marked (*a*) will therefore be Rs. 3,317-5-10 after deducting Rs. 105 as stated above, and not Rs. 3,422-5-10. Thus there is a difference of Rs. 4-15 only between the totals Rs. 3,317-5-10 and Rs 3,322-4-10, being the sum expended by the road establishment for the contingent expenses. There being no proper heading for such expenses in the quarterly statement, it is included under the heading "Collection of revenue, contingent charges," in the fourth quarterly statement, but it is now shown in its proper column against heading "Contingent charges of the road establishment" in the annual accounts.

	Rs.	A.	P.
(*a*)—Road establishment—			
Difference ...	100	1	0
(*b*)—Charges on collection of revenue—			
Difference ...	61	14	4

Owing to the transfer of Rs. 105 from heading (*a*) to (*b*) as represented above, it will be seen that the total of quarterly statement under heading (*b*) will be Rs. 7,941-15-1 instead of Rs. 7,836-15-1. Between this latter sum and Rs. 7,941-15-1 there is a difference of Rs. 43-1-8, deducting from which Rs 4-15, *i.e.*, contingent charges of the road establishment, included under the heading (*b*) in the fourth quarterly statement, there will be a difference of Rs. 38-2-8, which was by an oversight included under the heading (*c*), "Contingent charges of ferry establishment," instead of under heading (*b*), "Contingent charges of collection of revenue," during the compilation of the annual accounts. Now Rs. 76-5-2 shown as contingent charges of ferry establishment under heading (*c*) has been altered to Rs. 38-2-6, and Rs. 867-10-11 shown as contingent charges under heading (*b*) is altered to Rs. 905-13-7 in the annual accounts, and the total is accordingly increased by Rs. 38-2-8 to Rs. 7,937-0-1.

	Rs.	A.	P.
(*b*)—Charges on collection of revenue—			
Difference	61	14	11
(*c*)—Charges on district works, maintenance and repairs—			
Difference	38	2	8

The difference of Rs. 38-2 8 being reconciled as explained above, the total in the annual accounts under the heading as per margin should be reduced by Rs. 38-2-8 to Rs. 13,206-2-9.

	Rs.	A.	P.
(*b*)—Charges on district works, maintenance and repairs—			
Difference	38	2	8

10. I now proceed to notice other subjects of importance which require any comments from me.

Committee.—At the close of the year the Road Cess Committee in the Chittagong district consisted of fifteen members, five official and ten non-official, and in the district of Noakholly the said Committee consisted of seventeen members, of which three were official and the rest non-official.

The number of meetings held during the year was seven in Chittagong and eight in Noakholly.

In the former district the Chairman reports that some of the native non-official members, and especially Sheik Abdool Maloom, Baboos Gopee Mohun Ghose and Kant Persad Hajari, have taken considerable interest in the subjects discussed before the meetings. The first of these members and Deputy Collector Baboo Goloke Chunder Roy have prominently been brought to my notice as offering liberal contributions towards the construction of roads in the neighbourhood of their villages. In the district of Noakholly, with the exception of the Chairman and the Vice-Chairman, the other members are reported to have taken little or no interest in matters of local improvements. In the Hill Tracts there was no District Road Committee, and everything was managed by the Deputy Commissioner through the agency of his assistant.

CHITTAGONG.

11. *Statement of works.*—As the report and statement of work done and in progress in the Chittagong district, furnished by the Chairman of that district and forwarded herewith, give detailed information of roads and other works executed during the year under review, I refrain from transcribing them here. The total expenditure in original works amounted to Rs. 27,426-1-11, and that on repairs, &c., was Rs 13,206-2-9. The amount estimated under the former head was Rs. 24,743, and the amount of estimated expenditure under the head of "Repairs" was Rs. 15,154.

12. It will be seen that the amount actually spent has exceeded the amount originally estimated for original works. The Chairman attributes the cause of this excess outlay to the works executed on two urgent and new roads, viz. road from Chittagong to Ramghur on the Feuny, and the road from Hathajari on that road to the Hill Tracts boundary, where it will meet the road from Rungamuttee, the head-quarters of the Chittagong Hill Tracts. The falling off in the expenditure incurred in the repairs to several roads was owing to the undertaking of mere surface repairs to the Robertgunge road, the Mahajan's Hât road, and other minor roads.

13. The District Road Committee of Chittagong have estimated only Rs 18,600 for original works and Rs. 4,000 for repairs during the current cess year 1875-76. They observe that the contemplated expenditure is, from want of funds, much less than what they should wish to incur, and much less than what is urgently required. They have proposed that in carrying out the present original works, in connection with almost all of which there are old lines of narrow road more or less encroached upon by the ryots, but still with good though narrow bridges, to adhere to the old lines as much as possible, only in special cases (such as where it is remarkably tortuous) diverge from it. In this manner much expenditure in the construction of bridges and the acquisition of land, &c., may be avoided. It is also resolved by them to recover all the lands adjacent to public roads which have been encroached upon by private individuals without authority.

14. The Committee have further, with my approval, determined to concentrate their operations in the north of the district, where the want of roads is severely felt, and to starve as far as possible all other localities until the roads from Chittagong to Ramghur on the Fenny and the road to the Hill Tracts boundary are accomplished. This proposal, as I have said, has been approved, for it is impossible, except at great waste of superintending power and great risk of bad work, to carry on simultaneously important works some forty miles north and some forty miles south of the sudder station. The Chairman reports that the southern and central portions of this district are rich in water-routes, and therefore roads are not so much a necessity there as in the northern portion of it. It appears to me that the condensing of operations and the completion of one or two lines of important road, before taking in hand half a dozen other roads of lesser importance, is manifestly desirable.

It is worth while mentioning here that a work of great importance is at present under contemplation of the Chittagong District Committee. It is the deepening of the Moiskhally canal, in which the merchants are largely interested. The importance of the work as opening a safe outlet from the river Kurnafoolee, the mouth of which is at present rendered difficult for navigation by the formation of new churs, to the Bay of Bengal has also been fully recognized by Government, and has formed the subject of a separate correspondence.

NOAKHOLLY.

15. In Noakholly the total expenditure on original works was Rs. 5,765-11-10 and Rs. 10,704-9-3 were expended on repairs. The amounts estimated under each of these two heads of charges were respectively Rs. 9,590 and Rs. 11,379; it will thus be seen that the District Committee of Noakholly have not spent the full amounts which were expected to be disbursed on original works and repairs, although all the works which were contemplated for execution and which were shown in the budget estimates for the past year appear to have been undertaken during the year. The Chairman has failed to furnish a detailed history of the progress of each work in his annual report now submitted. In short, his report is a meagre one; I have therefore requested him to submit a supplementary report which should be as complete as possible, treating of all matters of importance. A list of all original works and repairs has been furnished by the Chairman with his report herewith forwarded, I need not therefore repeat them in my divisional report.

16. The construction of, and repairs to, village roads have not been carried out fully, nor was provision made in the budget estimate for that purpose owing to the inadequacy of funds. Moreover, the Chairman of the District Committee of Noakholly reports that there is nothing like regular villages in his district, as the homesteads of the residents are widely scattered instead of being grouped together to form a village. Hence, in his opinion, village roads are not very necessary, or their construction practicable in such a manner as to benefit the population.

17. The amount proposed to be disbursed during the current cess year is Rs. 7,075 on original works and Rs. 16,830 on repairs.

The former of these two amounts is comparatively smaller than the amount entered in the estimate of the past year under the head "Original works." The Chairman observes that the works which appeared to the Committee to be of the greatest importance and of urgent nature have been proposed to be undertaken during the current year, and that owing to the inadequacy of the funds the District Road Committee is unable to make any provision for the improvement of the village roads or the subsidary communications, but intend to do so as soon as the cess collections are made.

18. The amount estimated for repairs is comparatively larger than what was estimated during the past year. The Chairman reports that the increase is due to a larger amount being required for putting the roads in proper order, as they have sustained considerable damage during the heavy rains in August last, and to the fact of provision having been made for repairs to the Doomchur bridge which, from the strain put upon it by the flood, has become unsafe for cart traffic.

HILL TRACTS.

19. The amount expended on original works in the Hill Tracts was Rs. 8,954-10-1, and the amount disbursed on repairs and maintenance of roads was Rs. 431-2-5. The amount originally estimated for was Rs. 20,860 and Rs. 1,280 respectively, under the above two heads. Although it was contemplated that a large amount of work should be undertaken during the year under report, almost all the important works were postponed, as they required to be professionally surveyed before they were taken in hand.

20. The detailed informations regarding the abovementioned works and repairs have been furnished by the Deputy Commissioner in his annual report herewith submitted. I need not therefore reiterate the same.

21. The sums of Rs. 19,290-2-0 and Rs. 2,770 have been proposed to be disbursed for original works and repairs respectively during the current cess year It is contemplated to repair during the current and ensuing years a good many roads and bridges which were washed away or otherwise affected by the late flood. Hence a larger amount than usual has been estimated for repairs.

22. *Establishment.*—Rs. 4,932-4-10 were disbursed during the year under report on account of the road establishment and contingencies. Of this amount Rs 3,322-0-10 were spent in the district of Chittagong, Rs. 730 in the district of Noakholly, and Rs. 880 were spent by the Deputy Commissioner of the Chittagong Hill Tracts. The amounts originally budgeted for were as follows :—

	Rs.
In the district of Chittagong	4,061
In the district of Noakholly	862
In the Chittagong Hill Tracts	3,180

Hitherto all the district works of Chittagong and Noakholly were undertaken by the Executive Engineer, but on receipt of the Government Resolution No. 1209 of the 8th March 1875, the District Committees were obliged to entertain separate establishments of their own, though all works of importance still remained under the supervision of the abovementioned officer, whose services are being remunerated by a percentage on the outlay on works supervised by him.

23. The total amount of expenditure incurred on account of original works and repairs in this division during the past year amounted to Rs. 66,488-6-3, and that incurred on account of work establishment was Rs. 4,932-4-10, giving a percentage of Rs. 7 on the value of work executed by that agency.

24. In the Chittagong Hill Tracts there was no Executive Engineer, and all the works were executed by Mr. Rozario, Inspector of Police, assisted by a mohurir and two overseers. For the extra duty entrusted to Mr. Rozario Rs. 50 per mensem were allowed him under Government orders. Besides the aforesaid employés, the Deputy Commissioner had to appoint a clerk for six months on a monthly salary of Rs. 40 for keeping up accounts of receipts and disbursements.

25. During the year under review an unprecedented flood swept across the Hill Tracts and the northern portion of the Regulation District of Chittagong. The Chairman of the latter district reports that it caused much damage to the masonry works on the roads, while the damage it caused to the Hill Tracts roads is reported by the Deputy Commissioner to be immense, a full description of which will be seen in his paragraph 16.

E. E. LOWIS,
Commissioner.

No. 313LF., dated Noakholly, the 25th March 1876.

From—R. PORCH, Esq., Officiating Magistrate of Noakholly,
To—The Commissioner of the Chittagong Division.

WITH reference to your letter No 99GM. of the 8th March 1876, I have the honor to state as follows.

2. Bamboo bridges (38 in number) were constructed on the district dâk and police station roads. They last for about one season only.

3. A buttress was made, measuring 1,206 cubic feet, for the Shahebghatta bridge. This bridge has, however, been temporarily abandoned, as it was found that a bridge of the the kind estimated for would not stand in consequence of the strong current in the khall there.

4. A portion of the Laksham road, about three miles, has been raised and widened, and the remaining portion between Nowtollah and Barullah was in course of repair. The earth-work done on that portion was 81,099 cubic feet.

5. A portion of the Dewangunge road was also widened to the extent of 449,337 cubic feet. The raising of the masonry portion of the new bridges on this road was not taken up, as materials were not ready.

6. The raising of the masonry works on the six timber-topped bridges on the Laksham road was completed to the extent of 2,534 cubic feet, with earth-work measuring 19,020 cubic feet. Jungly wood posts and planks have been procured.

7. The plastering and raising of the masonry portion of the new bridges on the Begumgunge road has been finished to the extent of 1,334 cubic feet; planks have been put on eight bridges. The work remaining to be done is now in progress.

8. Bamboo spurs were constructed to prevent encroachment on the Shahebghatta road with jungly wood posts.

9. Three hundred and seventy-six trees were planted out on some of the road sides.

10. *Rivers and canals.*—The deepening of the Attiatully canal has been completed, and the banks have been raised by the earth dug from the canal.

11. The two bends of the Chaprassy khall were cut to strengthen the passage and to prevent the encroachment on the bridge; across this khall spurs have been made of bamboos and wood to complete the protection of this bridge, which suffered much in last year's flood.

12. *Repairs.*—The station roads have been metalled to the extent of 47,984 cubic feet. The metal used was *khoa jhama.* Further improvements in this respect have been undertaken.

13. *Surface repairs.*—Jungle clearing and filling up holes have been executed on 110 miles of the district roads. The earthwork done on the Laksham road has been dressed to the extent of 124,590 superficial feet, and turfed to the extent of 84,000 superficial feet; 2,000 cubic feet of earthwork has been done on the Laksham road in raising and widening a section, which has also been dressed to the extent of 163,000 superficial feet.

14. The masonry portion of the old bridges on the Dewangunge, Chittagong, and Lukhipore roads have been repaired to the extent of 1,543 cubic feet. The old planks and the posts of the bridges which have deteriorated have been renewed where it was found necessary.

15. The fences put round the trees planted on the road sides have been repaired.

Young men of the age of 15 years and upwards, who passed the vernacular scholarship examination, may be admitted into normal schools without any further examination.

2. In the event of a sufficient number of admissions not being made under rule 1, it will be in the power of the head-master of the normal school, acting under the orders of the Director of Public Instruction and the Circle Inspector, to invite by public advertisement such candidates as may desire to be admitted, and to subject them to an examination of equal difficulty with that for vernacular scholarships.

3. The examination under rule 2 is to be held so soon, after the result of the vernacular scholarship examination is known, as may be most conducive to the benefit of the normal schools, and not later than the 1st February each year. The annual examination will ordinarily be held in December.

4. A limited number of normal school scholarships will be awarded to those students who most distinguish themselves at the annual examination in December. Such scholarships will be of the value of Rs. 3 a month each; but a scholarship may be raised to Rs. 4 a month if the holder of it distinguishes himself in the examination of the following year. No normal school scholarship will be awarded to any student who shall not have studied at the normal school for at least one year.

No. 171.—*Notification.*—The following rules, having reference to the Main Western Canal, first section; the Arrah Canal; the Buxar Canal, first section; the Main Eastern Canal, first section; and the Patna Canal, have been passed this day by the Lieutenant-Governor under the provisions of Sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.):—

I. Every vessel, on entering any of the above canals, shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorized by Government to be charged on the canal.

II. The tonnage of every vessel, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

(*a.*) The product of half the length of the vessel, from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(*b.*) The measurement of the length is to be made in feet, rejecting inches, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(c.) In calculating the amount of toll to be levied on vessels exceeding 100 maunds tonnage, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 2e and not exceeding 50 maunds, is to be charged as 25 maunds only; exceeding 50, and no, exceeding 75 maunds, to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds tonnage is to be charged. Toll will be charged on vessels under 100 maunds tonnage on the actual measurements of the vessels, omitting fractions of tens of maunds.

III. Every vessel entering any of the above canals shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date the vessel entered the canal, the point to which it may proceed in the canal, the maundage of the vessel, the amount of toll charged, and the number of days for which the vessel may remain in the canal, and the date of such last day. The number of days which the vessel may remain in the canal without additional payment shall be calculated at the rate of one day for every eight miles, or portion of eight miles, to be traversed.

IV. Toll may be paid at the first station, either for the entire number of toll-stations on the line of navigation, or for any less number of stations.

V. The tickets thus given may be demanded for inspection by any duly authorized canal officer, and must be kept on board and at hand for that purpose. They must be shown at each toll-station the vessel has to pass, as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last toll-station.

VI. Owners of vessels may compound by the payment of a fixed sum for the use of the whole or a portion of any of the above canals for any period that may be agreed upon, not exceeding one year. Each vessel so compounded for shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded for, and the limits of the canal within which the vessel may pass; such ticket shall be kept on board the vessel, and shall be produced when required under rule V, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

VII. Duplicates of lost tickets, of which the numbers and the dates of entry can be satisfactorily established, will be granted by officers in charge of toll-stations on payment of a fee of one rupee.

VIII. Vessels remaining in the canals for a period exceeding that allowed under rule III will pay a demurrage of eight annas per 100 maunds per diem for each day or part of a day that they may remain in excess.

IX. No boats above 18 feet beam over all, and no rafts or floats of more than 10½ feet width and 150 in length, will be allowed to enter the canals.

X. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats; but the locks shall be opened for the passage of boats at least twice a day.

XI. Vessels must have their masts fitted so that they can be let down with ease and speed; and when under sail, vessels must always keep in the middle of the canal. When being tracked, vessels are, as far as practicable, to keep to their port or left side of the canals.

XII. All vessels anchoring at night are to keep to their port or left bank of the canals.

XIII. Only one vessel shall be allowed to make fast along and in a line with the canal banks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a canal officer. No vessels shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation; and no bamboos or poles shall be allowed to be erected on vessels when at anchor. Any infringement of this rule will be punishable by a fine not exceeding Rs. 5 for each offence.

XIV. Every vessel when put to shall be securely fastened, and shall at all times have some person in attendance on board of it. Any infringement of this rule will be punishable by a fine not exceeding Rs. 5 for each offence.

XV. In every case of wreck or obstruction of the channel by sunken vessels, the canal officers may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the canal officers, these officers may undertake the removal of the obstruction themselves at the cost of the owner of the boat, recovering the expense in the manner laid down in Section IX of the "Canals Act, 1864."

XVI. If the canal officers be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boat seized under the "Canals Act," he shall notify the seizure in the most public manner available.

XVII. In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the canal officers may detain the vessel within the canal for a period not exceeding 24 hours: provided that

within that period the canal officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under Section XVI of the "Canals Act."

XVIII. The banks or berms of the canals shall not be used as wharves for the deposit of goods, under a penalty of Rs. 10 for each offence; but, except in special cases, when the permission of the canal officers will be necessary, all articles shall be removed to the outer banks of the canals, and all such articles as shall not be finally removed from within the boundaries of the canals within a period of six days after being so deposited shall be liable to the charge of four annas per 100 maunds.

XIX. The canals may be closed once a year for effecting the necessary repairs to them, on one month's notice of the intention so to close them; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim shall be made in such case by owners of vessels or others for compensation on account of detention.

XX. All offences against the provisions of these rules shall be punishable as provided for in Section XVIII of the "Canals Act, 1864," and all fines imposed may be recovered in the manner mentioned in Section XVII of the same Act.

XXI. The term "canal officers" in the foregoing rules shall include the persons alluded to in Section VIII of the "Canals Act, 1864," and any other persons who may be specially appointed to exercise such powers by the person appointed to collect the tolls.
